## Guat'mala Military Is Firm

**Armed Forces Halt Rebellion By Cadets, Officers of Academy; Termed 'Local Affair'**

WASHINGTON — The State Department said today it has received official information that "military forces supporting the government (of Guatemala) are apparently firmly in control."

Press Officer Lincoln White referred to the events in Guatemala as a "disturbance" and said there was shooting early today "in which several score cadets were said to have participated."

"A few casualties resulted, the number and seriousness of which is not yet known," he added.

White said "the dispute in which the military cadets participated appears to be a local and internal affair between them and some members of the liberation army without backing from the armed forces."

GUATEMALA — Cadets and officers of Guatemala's military academy revolted this morning. Forces of the government of Col. Carlos Castillo Armas moved to put down the rebellion.

Troops of the Aurora army base at the Guatemala airport were reported to have joined the rebellious cadets. Other reports said Communist elements, defeated in a brief civil war that ousted Red supporters from the government last month, had mobilized.

Castillo Armas mobilized his liberation army which last month brought about the ouster of the Red-tinged regime of President Jacobo Arbenz, who is in asylum in the Mexican embassy.

Today's revolt began at 4:25 a.m. after a fight late last night between cadets and elements of Castillo Armas' army in which a cadet was killed.

A spokesman said the government had ample strength to put down the rebellion.

Air force planes began an attack on the rebels.

Castillo Armas directed operations of his forces and put Maj. Enrique Oliva and Col. Jose Ortega in direct command of the liberation army units. Oliva is a member of the Castillo Armas junta and Ortega the chief of staff.

Castillo Armas kept his liberation army intact after the overthrow of the Arbenz regime.

## VFW Hears Rhee Urge Attack On Communists

PHILADELPHIA — The 55th annual encampment of the Veterans of Foreign Wars settled today to business sessions today after a memorial service keyed by President Syngman Rhee of Korea who declared the United States must fight the Communists "now or later."

Pennsylvania's Gov. John S. Fine in welcoming delegates to the national convention took his cue from Rhee with the statement that America must pull out of a state of indecision.

Fine spoke at today's formal opening session of both the VFW encampment and the 41st National encampment of the VFW Ladies Auxiliary.

The governor termed the Geneva settlement of the French Indo-China war a "stream-lined, red-regarded appeasement."

"It is compounded of national compromise and international despair," he asserted.

Rhee last night advised some 5,000 delegates gathered in Philadelphia's Convention Hall that the right course for America is "one of firmness, strength and courage."

## Third Ward, 5th Pct. Voting Place Changed

The voting place in the fifth precinct of the Third Ward has been changed for tomorrow's election. Voters there will cast their ballots in the basement of the Nurses' Home at the Bethwell Hospital rather than in the Woolery Garage at 16th and Ingram.

## It's Wonderful

Sunday's rain was the most welcome sight of the summer in Sedalia, and it was one of the biggest rains in more than two years. It brought welcome relief from the heat and Monday turned out to be a grand day.

Generally fair and a little warmer tonight and Tuesday. Low tonight in the upper 60s. High Tuesday in the lower 90s.

The temperature at 7 a. m. was 54; 85 at 1 p. m. and 67 at 2 p. m. Low Sunday 74; high 64. Rainfall, Saturday night, Sunday and Sunday 2.03 inches.

One year ago today here high 100, low 75; two years ago 89, 66; three years ago 92, 67.

Stage at Lake of the Ozarks: 55.1, rise 1.

## Pettis County Has Primary Election Tuesday

Two state offices and 12 Pettis County offices are at stake in the Democratic and Republican primaries, which will be held Tuesday, and each party will elect its county committee members. The polls in Pettis County will open at 6 a. m. and close at 7 p. m.

The Democrats have five races for county offices, none for state posts, while the Republicans have only two races for county nominations and two for state positions.

The Democratic race for county collector is the biggest of all, with four men seeking the bid. There are three for the Republican nomination for state auditor.

Only Bryan Howe, of all the candidates of both parties, is sure of election both on Tuesday and in November. He has no opposition in either election for his fifth term as circuit clerk.

## Thirsty Earth Drinks Sunday In 2.03 Rain

**Temperature Drop With the Showers; Some Wind Damage**

Copious showers, with occasional genuine downpour of rain, reached this area Saturday night, Sunday and Sunday night, bringing a generous supply of moisture that had long been awaited to refresh parched fields, meadows and lands with growing crops.

The total rainfall here for the three periods was 2.03 inches. Thunder and lightning, with a heavy gale Saturday night, roused sleepers to rush to windows and doorways as the wind breezed through, bringing a sharp drop in temperatures.

About the heaviest rainfall was at LaMonte, where a government gauge showed 1.32 inches Saturday and Sunday and .53 Sunday night, a total of 2.33 inches.

The wind in several parts of the city broke limbs from trees, but did no great damage.

The parched earth, which during the prolonged drought and intense heat had become almost as hard as concrete in places, became rain-soaked. Vegetation that had wilted seemed to take on new life.

The drop in temperature, was most welcome, as was the rain, and provided pleasant and peaceful sleeping hours.

Sunday the low was 74 and the high 84.

The rain was general in Central Missouri.

## Truce Team Will Begin Its Duties Aug. 11

NEW DELHI, India — The Indian-Chinese truce commission worked today on plans to begin at least token supervision in the Far East battleground by Aug. 11, the date on which the cease-fire becomes finally effective over the whole country.

Representatives of the three nations on the armistice group — India, Canada and Poland — agreed at an initial organization meeting here yesterday to send a 12-man advance party to Indochina within a week.

The cease-fire became effective in North Viet Nam last Tuesday and in central Viet Nam yesterday. It will spread to Laos on Aug. 6, Cambodia the next day and will take effect in South Viet Nam — the rest of the country — on Aug. 11.

But "it may be possible to start functioning in a formal way by sending somebody there," Nehru added.

## Nominates Vogel Member of Board Of TVA Directors

WASHINGTON — President Eisenhower today nominated Brig. Gen. Herbert D. Vogel, an Army engineer, to be a member of the board of directors of the Tennessee Valley Authority TVA succeeding Gordon R. Clapp.

The White House said Eisenhower plans to designate Vogel as chairman of the board after the Senate acts on the nomination.

Clapp also served as chairman. The post pays \$15,000 a year. Clapp's term expired in May, and Eisenhower chose not to reappoint him although he was urged to do so by a number of people in and out of Congress.

Vogel is a 33-year-old Army engineer with a distinguished record in war and peace. He was nominated for a term expiring May 18, 1955.

White House Press Secretary James C. Hagerty told reporters that, assuming Vogel is confirmed by the Senate, he will take over the TVA assignment on Aug. 31 when he will retire from the Army.

Vogel now is in charge of the Army Engineers Southwest Division with headquarters in Dallas, Tex.

He is a member of the Board of Engineers for Rivers and Harbors and also serves on the Mississippi River Commission.

## Weather Outdoes Elections

**Drab Primary Voting Bows to Rain, Lower Mercury; More Rain Forecast for Tuesday**

ST. LOUIS — Rain and cool weather stole the headlines today from Missouri's drab primary election tomorrow.

A forecast of more showers for election day made bigger news than the election itself in this drought-ridden state. The vote is not expected to top 500,000, compared with a normal 700,000 to 900,000.

The quiet campaign was a natural result of an off-year situation which found only one statewide office and the 11 congressional positions on the ballot.

The incumbent state auditor, Democrat Haskell Holman of Moberly, has no primary opposition and will be nominated automatically. So will six of the incumbent congressmen, five Democrats and a Republican.

The Democrats who didn't have to campaign are Reps. Frank M. Kasten of St. Louis in the 1st District; Mrs. John B. Leonard of Sullivan in the 3rd; Richard Bolling, Kansas City, 7th; A. S. J. Carnahan, Ellinsboro, 8th; and Morgan M. Moulder, Camdenton, 11th.

The Republican who has no opposition is Rep. Jeffrey P. Hillelson of Kansas City, a first term who upset a Democrat in the 4th District, former President Truman's home district, in 1952.

A hot fight in the heavily Republican 7th District of Southwest Missouri provided the biggest fireworks of the campaign. There veteran Rep. Dewey Short of Galena, chairman of the House Armed Services Committee, was challenged by State Sen. Noel Cox of Sikeston in an Ozark battle royal.

Heavy spending on both sides was reported in the closing days of the campaign. Short has been unbeatable for 22 years. Cox has campaigned on a theme of "it's time for a change."

Another Republican incumbent, Rep. William C. Cole of St. Joseph, also had to come home from Washington to campaign. His opponents are State Rep. Clyde C. Kirk of Plattsburg, businessman and farmer, and W. F. Davis Gebhart of St. Joseph, a former consular official.

Three other incumbents have opposition but was not considered a serious threat to their re-election. They were Democrats Clarence Cannon of Elsberry in the 9th District, Paul C. Jones of Kennett in the 10th and Republican Thomas B. Curtis of St. Louis in the second.

Three Republicans are seeking the Republican nomination for auditor to replace Holman in the November general election. None has made a statewide campaign.

They are Harold L. Butterfield, mayor of Sumner and former state American Legion Commander; Joseph M. Badgett of St. Louis, who has tried unsuccessfully for state office before, and James D. Hodge, Kansas City accountant making his first bid in state politics.

Many counties have no local contests to excite the voters. But Kansas City is a notable exception.

There the only voting machines in operation in Missouri will get their first real test. Officials expect to set a speed record in their tabulating.

A Democratic squabble over Jackson County offices, and the patronage that goes with them, gave voters of the Kansas City area a good primary show. The lineup found the forces of James M. Pendergast and Henry McKisick on one side with a coalition of other Democratic factional leaders fighting them.

Three state senators—the veteran William M. Quinn, Maywood Democrat; Major J. Floor Leader Floyd R. Gibson of Independence; and Republican Leo Rozier of Perryville—have neither primary nor general election opposition, thus winning automatic reelection.

He added that he will probably send administrative assistants to St. Joseph to help with the considerable paper work that will be involved in the investigation. Separate reports must be made for each of the 45 men.

JEFFERSON CITY, Mo. — Voters will select nominees for 11 congressional seats tomorrow in a quiet Missouri primary election in which only one statewide office is on the ballot.

A light vote is forecast. Five Democratic congressmen and one Republican are without opposition tomorrow. The Democrats are Frank M. Karsten, Mrs. John B. Sullivan, Richard Bolling, A. S. J. Carnahan and Morgan M. Moulder.

Rep. Jeffrey P. Hillelson is the Republican unopposed.

Republican Rep. Dewey Short, chairman of the House Armed Services Committee, has engaged in the biggest fight of the primary with State Sen. Noel Cox in the heavily Republican 7th District in southwestern Missouri.

Other incumbents with primary opposition are Representatives Clarence Cannon and Paul C. Jones, both Democrats, and Republicans Thomas B. Curtis and William C. Cole.

State auditor is the only statewide office at stake. The incumbent, Democrat Haskell Holman, has no opposition in the primary. Three Republicans have filed for the office.

## Heavy Rain Drowns 456 Sparrows In Yard

After nearly four inches of rain had fallen in only one hour and 15 minutes Sunday afternoon, John Marsh, a farmer three miles north of Naptown, found 456 sparrows in his yard. The birds had been drowned in the heavy rain.

Oscar De Wolf saw Marsh and received the story first hand from him, then related it to The Democrat today. He said there were many trees in the Marsh yard and the birds had been roosting in the branches.

## Judge Denies Writ to Free Dr. Sheppard

**Physician's Attorney Says He Will Appeal In Murder Arrest**

CLEVELAND — Common Pleas Judge Frank J. Merriek today refused to grant a writ of habeas corpus that would have given temporary freedom to Dr. Samuel H. Sheppard.

William J. Corrigan, attorney for the 30-year-old physician held in the murder of his wife, immediately announced he would appeal the decision.

Judge Merriek ordered the osteopath returned to the county jail, where he has been held since his arrest Friday.

Under Ohio law, the president of a city council in such a municipality as Bay Village — scene of the crime — has full authority to act for the mayor, if for any reason at all the mayor cannot act, Judge Merriek said.

That was the point on which Corrigan had asked the writ. He contended Gershon M. Barber, the council president who issued the warrant and committee Dr. Sheppard to jail, had no authority to act.

Barber acted because Mayor J. Spencer Hook, a friend and neighbor of the doctor, is expected to be a material witness. Hook was the first person Dr. Sheppard telephoned on the morning of July 4, when Mrs. Marilyn Sheppard's bloody body was found.

It was Corrigan's contention that a mayor cannot delegate his authority.

Dr. Sheppard's return to jail presumably opened the way for further questioning by detectives who talked with him about six hours yesterday. They indicated they had not learned much.

Homicide Chief David E. Kerr quoted the osteopath as saying: "On advice of counsel, I will not talk about anything to do with the murder."

In his previous accounts of the fatal holiday morning, the osteopath said that while doing on a downstairs couch he heard his wife scream. Then he ran to their bedroom and was "clobbered" by a "white form" with whom he grappled afterwards in a chase outside.

## Sedalia Officers Order Probe Of Guard Illnesses

The headquarters of the 35th Infantry Division, Missouri National Guard, located at the Sedalia Armory, has ordered an investigation into the food poisoning outbreak.

The dramatic switch of allegiance by the half-starved 24-year-old Pole, Antoni Klimowicz, and the 26-year-old American physiologist, Dr. Joseph Cort, stirred emotions in Britain.

Klimowicz wept as he thanked police who snatched him from Communist hands aboard the 3,219-ton steamer Jaroslavl Dubrowski in the Thames Saturday night after he had been caught as a stowaway.

Dr. Cort, a self-styled former Communist, sailed with the ship early Sunday on his way to Czechoslovakia—leaving behind a charge that he faced "political persecution and victimization" if he returned to the United States.

Britain refused to grant Cort political asylum after Washington called him home to explain why he failed to report for military service under the draft.

Klimowicz went into hiding in Britain over the weekend. He is due to appear in the court tomorrow on the writ of habeas corpus which secured his release from the ship.

A Home Office statement said he was "not in detention of any kind; so far as we are concerned he is a free man."

## Several Hundred Attend Open House at Buena Vista Sunday

Several hundred people attended the open house from 3 to 7 p. m. Sunday at Buena Vista, many of whom had never been there before and some who had not been there for a good many years. They were surprised and pleased with what they found as they wandered around the yard, through the main building and into the quarters for both men and women. The new quarters for men was particularly complimented.

Mrs. M. E. Green, superintendent, was assisted in serving punch and cookies by her daughter, Mrs. Shelby Hunter; her daughter-in-law, Mrs. Jimmy Green and Mrs. Charles Plummer. The table was covered with a lace cloth and centered with the large punch bowl.

During the afternoon and evening the people at Buena Vista visited with the guests, sitting with them out in the yard or in the home. This is always a big event each year in the lives of those

## Predicts Special Session

**Says It Will Take 'Five or Six Days' To Set Up Drought Busting Machinery**

JEFFERSON CITY — Perry Compton, Republican state chairman, predicted today Missouri would need another special session of the Legislature to set up drought busting machinery again. But he said he thought it could be done in "five to six days."

Compton's forecast came in a letter he mailed to Gov. Phil M. Donnelly Saturday. Donnelly's office received the letter today but the governor has not yet had a chance to read it. He has not returned from a weekend trip to his hometown of Lebanon.

The GOP chairman said he believed the federal government would move quickly, "within the next few days," to provide help for farmers suffering from the third straight year of drought.

"Missouri, of course, should be ready to do its part as I know that it will," Compton wrote Donnelly.

"If it is necessary to call a special session, and it appears that will be if the government refuses the hay buying program of last year, I want to pledge you my cooperation and aid."

"In the two previous special sessions, when aid to farmers' conditions, when the major consideration, the Republican members of the Legislature cooperated in every respect in bringing aid to Missouri's drought-stricken farmers," Compton said.

The first session last October, of five days, set up the hay buying program under which the state paid freight costs. Then, in February, with the drought continuing and the state drought fund running low, Donnelly called a new special session. It took the full two months allowed it in adding new state money for the freight free hay program.

An estimated \$9½ million in state and federal money was used before the program ended May 1.

Now more hot, searing weather has again forced livestock men to put their animals on hay as pastures burn out and corn crops blight.

Donnelly asked the federal government last week to reinstate the government purchase program on commercial type cattle and provide government stored grains at low cost for use as feed.

## Britain Grants Asylum to Young Polish Stowaway

LONDON — Britain granted temporary asylum today to a young Polish stowaway who sought freedom in the West aboard the same ship an American scientist was to flee behind the Iron Curtain.

The dramatic switch of allegiance by the half-starved 24-year-old Pole, Antoni Klimowicz, and the 26-year-old American physiologist, Dr. Joseph Cort, stirred emotions in Britain.

Klimowicz wept as he thanked police who snatched him from Communist hands aboard the 3,219-ton steamer Jaroslavl Dubrowski in the Thames Saturday night after he had been caught as a stowaway.

Dr. Cort, a self-styled former Communist, sailed with the ship early Sunday on his way to Czechoslovakia—leaving behind a charge that he faced "political persecution and victimization" if he returned to the United States.

Britain refused to grant Cort political asylum after Washington called him home to explain why he failed to report for military service under the draft.

Klimowicz went into hiding in Britain over the weekend. He is due to appear in the court tomorrow on the writ of habeas corpus which secured his release from the ship.

A Home Office statement said he was "not in detention of any kind; so far as we are concerned he is a free man."

## Pettis, Other Counties, In U.S. Drought Area

HANOI STREETS BECOME OPEN MARKET—A Vietnamese civilian sits beside her meager possessions spread out on a street in an open market place by anti-Communist civilians waiting to be evacuated to the south. The French have promised to remove everyone from Hanoi who wants to go, but many are seeking to dispose of their possessions before leaving. (AP Wirephoto).

## French Free Nationalist Tunis Leaders

**Action Takes Place In Wake of Offer Of Autonomy**

TUNIS, Tunisia — The French freed a number of moderate nationalist leaders from house arrest today in the wake of French Premier Pierre Mendes-France's offer of autonomy for the North African protectorate.

There was no word of any change of status for Habib Bourguiba, top leader of the nationalist Neo-Destour party who has been confined to a farm near Paris. But Bourguiba appealed today for an end to the violence which has killed or wounded many Frenchmen and Tunisians in past months.

It was not announced how many nationalists had been freed. Bourguiba recently estimated 150 to 200 were under some form of detention.

Announcement of the offer of near independence was generally hailed by Tunisian leaders as a step toward complete freedom, but die-hard French colonists angrily assailed it and some demanded the French National Assembly turn Mendes-France out.

Word of the promise of reforms for Tunisia touched off new violence in the sister North African protectorate of Morocco, resulting in the deaths of six persons.

In Tunisia, however, there was a lull in violent outbreaks following Mendes-France's offer Saturday to allow formation of an all-Tunisian Cabinet. The Premier's proposal would give the Tunisians control of all their own affairs except defense and foreign relations.

Mendes-France warned, however, that the killing of Frenchmen in the territory must stop.

Following the French premier's offer, the country's nominal ruler, the Bey of Tunis, began consultations in search of a premier.

As soon as word of partial sovereignty promised to Tunisia reached Morocco, acts of terrorism increased. A Frenchman was shot to death in Casablanca and a bomb, apparently set by nationalists, blew up another Frenchman's car. A section of rail line was cut and four fires were started in Sale.

The French News Agency reported four Moorish women and a child were trampled to death near Fez. The French said that incident was touched off when nationalists began riotous celebrations over rumors of the return of former Moroccan Sultan Sidi Mohammed Ben Youssef, exiled in Madagascar for failing to cooperate with French authorities.

Only two minor incidents have been reported in Tunisia since Mendes-France made his eventful visit Saturday and told the Bey of Tunis his people could set up their own internal government if they stopped killing Frenchmen.

For years unrest had gripped the protectorate — under French rule, since 1881. In the past two years nationalist extremists have turned to violence, killing French colonists and burning their farms and shops.

## Warns Thieves the Red Peppers Were Poisoned

Mrs. Frank F. Fisher, 317 East Saline, reported to the police Monday afternoon the theft of red peppers from eight or ten bushes in her garden sometime over the week end.

The plants and peppers had been sprayed with grasshopper poison.

"I am not interested in getting back the peppers as much as I want to warn the person or persons who stole them to beware of eating them. They have been sprayed with poison to kill grasshoppers and could easily cause the person who eats them much trouble," Mrs. Fisher reported to the police.

## Senate, House Start Work On New A-Bill

**Efforts May Have Effect on How Soon Congress Adjourns**

WASHINGTON — Senate and House members start hammering out a compromise version of President Eisenhower's new atomic energy program today, and their efforts may have much to do with how soon congress adjourns.

The conferees arranged to meet behind closed doors to tackle the task of resolving three major differences, and many more minor ones, in the Senate and House versions of a bill designed to open the atomic power field to private industry and to authorize a limited exchange of nuclear information with this nation's allies.

The product of their deliberations then will go back to the two houses for final passage, and Democratic supporters of some features the administration has opposed have promised a new round of lengthy Senate debate if their amendments are jettisoned.

The House is virtually finished with the work leaders have laid out for it, except to act on such things as conference reports on the atomic and other bills.

But the Senate, currently debating a move by Sen. Flanders (R-Vt) aimed at the curbing of McCarthy (R-Wis), still has ahead of it bills on at least four major issues.

Temporarily sidetracked by the Flanders move was a bill to authorize the foreign aid program for the current year. The Senate also must act on a separate foreign aid appropriations measure.

After the first of these has been disposed of, Senate GOP Leader Knowland of California says he will expect to touch off a firm bill of debate between supporters of right price supports and backers of the administration plan for flexible prices.

Knowland says he will then calendar three bills recommended by Atty. Gen. Brownell as part of his anti-subversive program.

Another major part of Eisenhower's program on which the Senate has not acted would broaden the social security program and raise benefits. The Senate may also be asked to pass on a proposal to hike the national debt ceiling.

COBH, Ireland — Sven Joffs came off his seven-ton auxiliary cutter, Atea, and asked: "Where can I have my beard shaved off?"

A waterfront character directed him to a barber shop. "Thanks," replied Joffs nonchalantly. "I have just crossed the Atlantic—alone."

The 33-year-old merchant seaman said the voyage took him 42 days. Three severe storms had battered the corkpit.

Joffs was born in Sweden but has lived in New York 10 years. He said he has long loved with the idea of sailing his own ship across the Atlantic.

He saved up \$6,500 to buy the Atea and enlisted a friend as a crew, but the friend got married just as they were about to sail and his bride made him beg off.

So Joffs chartered it alone. Joffs is waiting here for arrival of his father, a retired marine engineer. Then together they intend to sail to the elder Joffs' home in Helsinki.

## Westminster President Is Named to New Post

LANCASTER, Pa. — Dr. William Webster, Hall, president of Westminster College, Fulton, Mo., today was named president of Franklin and Marshall College.

## Ike Declares Part of State To Get Relief

**All Sedalia Included Today By the President**

BULLETIN

The Associated Press, at 2:15 p. m. today, notified The Democrat that all the counties of Sedalia are included in the drought area as declared by President Eisenhower. Included are these counties: Pettis, Benton, Moniteau, Cooper, Morgan, Saline, Miller, Lafayette, Johnson, Henry as well as others outside this immediate vicinity.

WASHINGTON — President Eisenhower today designated 102 counties in Missouri and Oklahoma as drought disaster areas eligible for federal aid. At the same time, the government announced details of a new program for providing feed grain to farmers and ranchers in the drought area generally.

The President's action designating the Missouri and Oklahoma counties was announced at a White House news conference by Secretary of Agriculture Benson after he had reported to Eisenhower on drought conditions. Benson relayed to the President reports which were gathered by Agriculture Department investigator teams.

Designation of the Missouri and Oklahoma counties brought to six the number of states in which drought-stricken areas have been made eligible for federal relief. Those designated earlier are New Mexico, Texas, Colorado and Wyoming.

The White House announced last week that feed grain from surplus stocks owned by the Commodity Credit Corp. would be made available to farmers and ranchers in disaster areas under a program authorized last month by Congress.

Benson disclosed today that under that program—to be handled through established feed dealers in the drought areas—the government will pay a subsidy of 60 cents for 100 pounds on corn, barley, oats and grain sorghums.

That will have the effect of cutting the deal price to distressed farmers and ranchers by that much. The subsidy will go to the dealers.

Benson said in reply to a question that the subsidy under the new program is a little less than it was under

# Big Farm Price Drop Doesn't Aid Shoppers

WASHINGTON — The House Agriculture Committee formally reported today what housewives already knew: grocery store prices remain at near-record highs despite a sizable drop in farm prices.

Making public a statistical study of the trend in farm prices and retail food costs, the committee concluded:

"Thus far, almost none of the lower prices received by farmers since 1951 has been passed on to consumers in the form of lower retail food costs."

"Further declines in farm prices are expected as more livestock and livestock products come to the market and (government) price-support levels are lowered."

"Consumers can expect little benefit, however, from these lower farm prices unless recent tendencies to increase marketing and processing charges are curbed."

A somewhat less pessimistic view, from the housewives' standpoint, came yesterday from the Agriculture Department, which said major foods will be in plentiful supply during the remaining months of 1954 and that prices should ease some.

The department forecasts a heavier output of pork, veal, lamb, turkey, eggs, processed fruits, fresh vegetables and some rice, as compared with the same months last year. The department said lamb and mutton are the only major items which will be scarcer than last year.

The average person, the department said, probably will eat a little more during 1954 than he did in 1953.

The department reported last Friday a drop in prices received by farmers during the month ending July 15, the second straight month that farm prices declined. The price index, based on 1910-14 averages, stood at 247 compared with 260 in July last year.

The House committee found that the farmer's share of the consumer dollar is steadily dropping while retail food prices have remained at 1952 peak levels.

It said that out of each dollar spent by the American housewife for food, 56 cents goes for processing, marketing and transportation charges.

The farmer receives 44 cents, of which 30 cents meets the cost of producing his crop, the report stated.

"Thus, the farmer and his family have about 14 cents out of each consumer dollar spent for domestically produced food for their work and their investment."

Going back to removal in 1945 of war-imposed price controls, the committee study said farm prices advanced 29 per cent from then until their peak in 1951, and that since then, farm prices have

dropped almost back to their 1945 level.

"In contrast," the committee noted, "retail food prices now hold within a fraction of their 1952 peak."

The committee said housewives now are paying the "highest prices on record" for bakery products and cereals, although farm prices for wheat are down to 1949 levels.

## Airline Strike Might Spread

CHICAGO, — All planes of American Airlines, the nation's largest air carrier, were grounded today as a pilot's strike for an eight-hour day entered its third day.

The way was clear also for strikes against two other big lines — Trans World Airlines and United Air Lines — but a spokesman for the AFL Air Line Pilots Assn. said no immediate strike action is contemplated.

The spokesman indicated the union believes TWA and United will accept whatever settlement is reached with American. But strike votes were taken three weeks ago among United and TWA pilots, he said, and they voted to walk out if union officers decide to call a strike.

The issue in all three cases is the scheduling of nonstop transcontinental flights of more than eight hours.

The union president, C. N. Sayen, proposed a solution yesterday which he said would entail "no additional pilots or cost."

Other airlines were adding flights to accommodate additional passengers. Six lines added 93 flights from New York yesterday.

There was no immediate comment from the airline.

The ALPA struck American Airlines at midnight Friday and all planes were grounded yesterday upon returning to home bases. The airline employs 1,200 pilots.

## Deaths . . .

By THE ASSOCIATED PRESS  
HARTFORD, Conn. — Brig. Gen. James S. Simmons (Ret.), 64, former U.S. Army chief of preventive medicine. Died Saturday.

TAUNTON, Mass. — The Rev. Dr. Frank G. Beardsley, 83, retired Congregational minister and author of several histories of religion in America. Born in Ovid, Mich. Died Saturday.

ATLANTIC BEACH, N.Y. — Dr. Henry A. Rafsky, 64, internationally known specialist in ailments of the stomach and intestines. Died Saturday.

Says "New Soft Line" Of Reds Shows Past Bullying Failed

WASHINGTON, — Under Secretary of State Walter Bedell Smith says the "new soft line" of Russia and Red China is an admission that their "openly bullying tactics of the past" have failed.

What the Communists are really trying to do by their overtures toward America's allies, Smith said in a television interview last night, is to weaken the free world's solidarity and particularly to "isolate" the United States.

He said he had seen no signs the Communist nations are ready to "settle down as peaceful members of society."

Officials Wonder If Consulate Dog Has Diplomatic Immunity

GENOA, Italy, — It's turned out to be just a hypothetical question, but officials here are wondering whether a consulate dog has diplomatic immunity.

Over the weekend, the Austrian consulate's pet German Shepherd took an undiplomatic bite at 25-year-old Marisa Bernardo, on consular property.

Her parents said she developed a fever, took her to a hospital, and demanded that police kill the dog and examine it for rabies.

The consulate refused to surrender the dog, claiming diplomatic immunity.

Marisa got well. The charges were dropped. But police still haven't figured out what they could have done about it, if it all hadn't worked out.

Will Succeed Late Husband as Hawaii Delegate to Congress

HONOLULU, — Hawaiians have elected Mrs. Betty Farrington to succeed her late husband as territorial delegate to the U.S. Congress. She is the first woman to hold the office.

A Republican and strong advocate of statehood for Hawaii, Mrs. Farrington received 43,247 votes in Saturday's election — more than twice as many as Democratic candidate Delbert Metzger.

JUDGE COUNTY COURT

Eastern District Primary Election

Tuesday, August 3rd

As your public servant, representing you as Judge of the County Court, Eastern District, I have always worked for and upheld those things which benefit all citizens of the county. As a farmer, I know the importance of good roads, and I have advocated, voted for, and helped to improve our county road system. During my period in office 138 miles of King Bill Roads have been built as well as other road improvements. I have worked for improvements of our county Buena Vista Home for our older people; for Federal Flood Relief aid; for sound business administration of all county affairs. On the basis of my past record as your servant, I hope to merit your vote and support in the coming primary election.

I Will Appreciate Your Help in the Coming Primary Election

2 THE SEDALIA DEMOCRAT—Sedalia, Mo., Mon., Aug. 2, 1954

## Girls on KP Duty at Base Thrill Airmen

ENID, Okla. — A GI's dream—waitresses dressed in trim, white uniforms — greeted Vance Air Force Base airmen as they went to chow this morning.

It was only the second day of the Air Force's experiment at turning kitchen police duty over to a catering service. But the trial, due to continue for 11 months, was immediately pronounced a tremendous success.

"Everyone was very enthusiastic, especially the enlisted men who ordinarily pull KP every 15 or 20 days," said Lt. Joseph A. Hays, public information officer.

The girls loved it too. Sharon Ruch, a stenographer for the catering firm who helped in the kitchen the first day, said she liked it so well she's thinking of discarding her typewriter for an apron.

"The girls were overwhelmed by the reception," said Jack McGaha, southwest division manager for the Nationwide Food Service, Inc., of Chicago.

Asked if there was any chowline flirting, he replied: "Yes, there was some of that going on—you know soldiers."

"Here's what the men thought of girl KPs. "It's more appetizing—the food. I mean."

"They can feed me dog food now and I wouldn't know the difference."

"It's better than eating in a restaurant. The only difference is you walk out without paying."

Cafeteria style still prevails. But instead of the old trays where the grays slopped over on the apple pie, good chinaware is used. The girls clean off the tables too.

Will Question Five Colombo Powers On SEATO Talks

COLOMBO, Ceylon — Ceylon's Premier, Sir John Kotelawala, said today he will summon the five Colombo powers to sound out their views on Britain's invitation to attend talks in September on a Southeast Asia Treaty Organization.

Kotelawala said the prime ministers of Ceylon, Burma, India, Indonesia and Pakistan would meet in Rangoon to discuss the merits of SEATO.

An informed source said India's Prime Minister Nehru already has advised Kotelawala that he probably will not attend the conference proposed by British Foreign Secretary Anthony Eden.

Boy Is Injured Chasing Car That Knocked Him Down

BALTIMORE, — A hit-and-run driver banged into 13-year-old Herman Johnson yesterday and knocked him from his bicycle.

When the driver of the car made a U-turn and headed the wrong way down a one-way street, Herman jumped back on his bicycle and gave chase.

Peddling furiously, he forgot to look where he was going and crashed into a parked car. He was treated at Provident Hospital for a broken elbow.

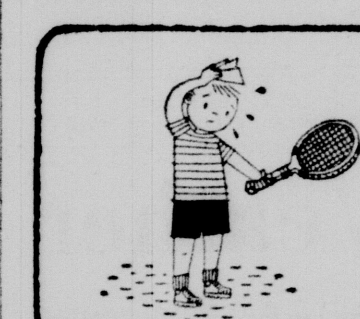

Boat Capsizes, Two Fishermen Drown

CLARKSVILLE, Mo. — Two St. Louis fishermen drowned in the Mississippi River here yesterday when their boat capsized and was shattered by a strong current below a gate at the river locks.

State police said the body of Carl E. Inman, 30, of St. Ann in St. Louis County was recovered about five hours after the accident. His companion was tentatively identified by Pike County Coroner J. O. Mudd as Warren Hohmeier, 34, of St. Louis.

Witnesses told officers the men were fishing near the locks which causes a fast current below the gates when the boat appeared to go out of control. Before other fishermen could reach the scene, the light plywood motor boat began falling apart.

## Praises Woman Lawyer After Death Stay

SALT LAKE CITY, — Speaking through a Utah State Prison guard, Don Jesse Neal praised his petite woman attorney as "the best lawyer in the world" yesterday after learning that U.S. Supreme Court Justice Tom C. Clark had canceled his scheduled date with a Utah firing squad at dawn tomorrow.

Clark's stay was issued over the weekend to allow Neal's attorneys to file a habeas corpus petition before the court. The action gives the Utah convict — sentenced to die for the 1951 shooting of a Salt Lake policeman — at least three more months of life.

Although attorneys for the American Civil Liberties Union handled Neal's plea for a stay before the US high court, his praise was directed at Miss Billy Hulsey, the Salt Lake City attorney who took over leadership of his fight for life last June.

"I am very thankful that the Lord's will has been done," Neal said. "I'm very grateful to Miss Hulsey, and to all the others who have helped me."

Herbert Monte Levy, staff counsel for the American Civil Liberties Union, said the new appeal will be based on contentions Neal did not have a fair trial because of the use of testimony "known to be perjured."

## Roofing Nails Cause Mass Tire Punctures

SAN DIEGO, Calif. — A truck loaded with roofing nails hit an embankment and overturned on a freeway yesterday.

Before officers, aided by volunteers, could sweep up 19 kg of nails, about 50 motorists got punctures. One police car had all four tires flattened.

## Peggy Lou Reno And Zeb Thomas Exchange Vows

Miss Peggy Lee Reno, daughter of Mrs. Everett Norton, 1225 West Spring, became the bride of Mr. Zeb Thomas, son of Mr. and Mrs. Reile Thomas, Hughesville, at 5 o'clock in the afternoon, Friday, June 18, with the Rev. D. Warren Neal, pastor of the Broadway Presbyterian Church, performing the double ring ceremony.

For her wedding the bride selected a dress of pink dotted Swiss with which she wore pink and white accessories and her flowers were white carnations.

Mrs. Bonnie Colomusa, her sister, and only attendant, wore a blue dotted Swiss dress with white accessories and her corsage was of white carnations.

Mr. Charles Floyd Rayl, LaMonte, served Mr. Thomas as best man.

The bride was graduated from Smith-Cotton High School in the class of 1933 and was formerly employed at the Sedalia Air Force Base.

The bridegroom was graduated from the Smith-Cotton High School in the class of 1947 and was in military service two years in the Far East. He is now engaged in farming.

The couple spent a honeymoon at the Lake of the Ozarks.

## Willing Toilers Class Holds Annual Picnic

The Willing Toilers Sunday School Class of Epworth Methodist Church held its annual picnic Thursday at Liberty Park with all contributing to the dinner.

Twenty-one members attended and the following guests, Mrs. Ann Clark, Mr. and Mrs. Bob Neuman and Cathy Tucker of Detroit, Mich.

Mrs. Frank Henderson is teacher of the class and Mrs. Rick Fullerton is president.

The next meeting will be a contributive supper at the church the last Monday in the month.

After the picnic all went over to the band shell where they listened to the band concert.

## Ann Mendenhall Has Birthday Party

Mrs. Florence Mendenhall entertained with a party at her home in Knob Noster Sunday evening to celebrate the tenth birthday anniversary of her daughter, Ann.

Refreshments were served to: Joan Wainscott and Charles William Saults of Kansas City, Sharon Draper, Donna, Scott and Sharon Kay Saults, Carol Conboy and Mike Saults.

Ann received many nice gifts.

## Knob Noster MYF Holds a Lawn Party

The Knob Noster Methodist Youth Fellowship group held a lawn party at the home of the Rev. and Mrs. Lloyd D. Wasson and daughter, Miss Dorothy, Tuesday evening with 17 members present.

The following officers were elected: Marilyn Draper, president; Rose Evelyn Parrott, vice-president; Ann Bowland, secretary-treasurer. The council chairman are: Walter Werenke Jr., Christian witness; S/Sgt. Jim Weaver, Christian Faith; S/Sgt. Bernard Beasley, Christian Outreach; Charlie Bill Grandstaff, Christian Fellowship; Linda Galloway, Christian Citizenship.

Plans were made to entertain the Johnson County MYF in Knob Noster Wednesday evening, Aug. 18.

Various games were played after which refreshments were served.

## Interesting Program For Oak Grove Club

Mrs. Fred Welling and Mrs. William Sperber were hostesses at the meeting of the Oak Grove Extension Club Tuesday afternoon at the club house.

Mrs. D. W. Olson reviewed the book, "Three Lives of Elizabeth" and an interesting talk on Hawaii was given by Miss Katherine Ezell, Methodist missionary who was there three years. Miss Ezell, daughter of Rev. and Mrs. H. Ezell of LaMonte, showed pictures and also displayed articles from there that included things carved from monkey wood and ivory, a little grass hut, a coin lei, hand made bag, samples of sugar, lava rocks and black sand. Miss Ezell's mother, before her marriage, was Sarah Buford from the Oak Grove Community.

The business meeting was presided over by Mrs. William Sperber, vice-president.

The club president, Mrs. Roy Petty and Mr. Petty, are visiting Mr. Petty's sister in Portland, Ore.

Plans were made for an all day picnic Aug. 14 at the club house for members and their families. Seventeen members and six children were present and guests were Miss Katherine Ezell, Mrs. H. Ezell, Bill Goodrich, Mrs. George Tally of Knob Noster, Mrs. C. E. Ferguson, Mrs. J. L. Sperber and daughter, Mrs. George H. Meyer and daughters, Karen and Patricia, and Martha Bronson.

Refreshments were served during the social hour.

No regular meeting will be held in August.

## Emmett Family Has Reunion at Park Here

The Emmett Elliott family reunion was held on Sunday, July 25, at Liberty Park in Sedalia.

Mr. Elliott is the father of nine children and he has 28 grandchildren. They are as follows: Mr. and Mrs. Viggo Miller and son of Siren, Wis.; Mr. and Mrs. Emory Elliott and son of Fortuna, Mr. and Mrs. Raleigh Sanders and sons, Mr. and Mrs. William Elliott and family, Mr. and Mrs. Gene Johnson and family and Thelma Kelley, all of Windsor; Mr. and Mrs. Marvin Sanders and family of Concordia; Mr. and Mrs. Max Elliott and son of the Manila community, Mr. and Mrs. Charles Pahlow and sons of Sedalia, Mr. and Mrs. Daniel Elliott and sons of Clinton, and Mr. and Mrs. Emmett Elliott of Green Ridge.

A picnic dinner was enjoyed at noon and the afternoon was spent in visiting and taking pictures of the family group.

## Albert Loewer Enjoys 90th Birthday Fete

Albert Loewer, for many years operated a tailor shop in Sedalia and for the past ten years has been living with his daughter, Mrs. A. G. Hester, 5118 Forest, Kansas City, celebrated his 90th birthday anniversary on Sunday.

Friends who went to Kansas City to be with him on his birthday were: Will Cal and Mr. and Mrs. Fred Brink of Sedalia and Dr. Homer Vance of Marshall.

Mr. Loewer is in the best of health and very active. He still does tailoring, too, in his home. It has been ten years since he left Sedalia, but he keeps close tab on his friends here. He wouldn't miss having the Sedalia Democrat for anything, he wants to know just what is going on in his home town, about his many friends and former customers. It looks like the friends are still thinking about him, too, because he received a big stack of cards from Sedalia for his birthday.

The Sedalians who went up to Kansas City to be with him Sunday say he looks just as trim as he always did and doesn't change a bit. They were guests at his birthday dinner, given by his daughter.

## Stricklands Hosts At a Family Dinner

Mr. and Mrs. Lyman Strickland, northeast of Knob Noster, entertained with a family dinner at their home Sunday.

Present were Mr. and Mrs. Carroll Corbett, Carolyn, Jackie, Ronnie and Sandy, Mr. and Mrs. George Lyman Strickland, Sandy and Jill and Mr. and Mrs. Marvin Vogler, Bonnie and Patty.

Afternoon visitors were Mr. and Mrs. Cletis Allen and Mrs. Sallie Allen, Windsor and Mr. and Mrs. Richmond Allen, Claudeen, Anita and Roy.

Mrs. Sallie Allen remained for a longer visit with her son-in-law and daughter, Mr. and Mrs. Strickland.

## Newlyweds Are Honored At Houstonia Shower

Mr. and Mrs. Bobby Sevier entertained with a shower for Mr. and Mrs. Kenneth Dickerson, Pomona, Calif., Wednesday night. The following were present: Mr. and Mrs. Russell Wicker, Mr. and Mrs. Frank Martin, Mr. and Mrs. Guy Messer Jr., Mr. and Mrs. Bill Wood, Mr. and Mrs. Henry Smith, Capt. and Mrs. Sam Tuck, Mr. and Mrs. Tommy Curtis, Mr. and Mrs. Shelton Rissler, Mr. and Mrs. Murry Wood, Mr. and Mrs. Ray Tagtmeyer and Mr. and Mrs. Edmond Martin of Hughesville, Mr. and Mrs. Lonnie Dickerson, Marshall Dickerson and Harold Dickerson. A number of others who were invited, but were unable to come, sent gifts.

## Houstonia Women's Club Sees Films

The Houstonia Woman's Club met Wednesday night with Mrs. Ray Schondelmeyer. There were 22 members present. Mrs. Haymar, Higgins was in charge of the public welfare program. Marilyn and Susanne Smiley sang "Do, Lord," after which the program

PRETTY FAREWELL—When Evelyn Ay, current Miss America, hands over her crown to the new beauty queen at Atlantic City in September, she'll make her exit in real silver and glass beads. She'll wear this white everglaze cotton satin gown, encrusted with glittering gold.

was given by Miss Verna Nisten, clerk of the Boonslick Regional Library. She gave a talk on the library and showed films on home freezing, the desert nomads and Yellowstone Park. The hostess served refreshments.

## Green Ridge Junior Fair On Sept. 25

GREEN RIDGE — The Junior Fair will be held on Saturday, Sept. 25, on the school grounds. The boundaries for exhibitors will be the same as last year and are as follows: U. S. 50, north, U. S. 65, east, Pettis County line, west and south, including the Windsor school district. Exhibitors must be enrolled in FFA, 4-H or FFA.

Two new classes have been added, clipping and fitting contest for beef and dairy cattle, they will be judged according to the same rules used on the sheep blocking and fitting contest.

S. M. Dowdy is furnishing a registered Southdown ewe to the winner of the sheep fitting contest. It is planned to make a similar or a cash award in the dairy and beef contest.

The evening's program will include the crowning of the fair queen and minstrel and folk song show.

## Special Meeting Called For State Fair Riders

A special meeting of the State Fair Saddle Club is called for 7:30 p. m. Thursday at 32nd Street Riding Grounds to discuss some important matters coming up before the club.

Among the things to be discussed will be the invitation from the California Fair commissioner to take part in the show to be held there Aug. 10, the Clinton show to be held Aug. 12, and Missouri on Parade, the parade opening the 52nd annual Missouri State Fair.

Drill practice will be held so members are asked to bring their horses.

Refreshments will be served by the club.

Democrat Class Ads Get Results! Phone 1000.

## Tower Holds Siren Now at Green Ridge

GREEN RIDGE — Mrs. Etta Murphy and Miss Gayle Kendrick gave a 50-foot windmill tower to the city of Green Ridge, and on it the fire siren will be installed.

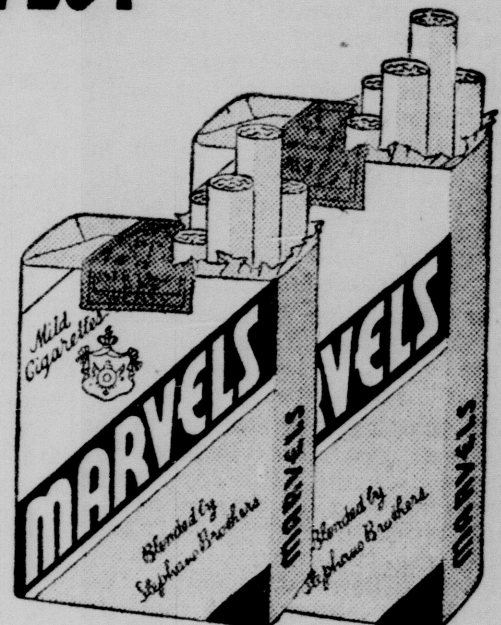

The siren will be permanently placed near the city pump house and will be controlled from the local telephone office.

Early last Tuesday morning, a crew of men, Clifford Brownfield, Dewey Miller, Gordon Brownfield,

Melvin Ray, Wayne Huddleston, Ezra Inselman, Leon Welborn, Royal Ragar, Jack Kendrick and Jim Stark, went to the Murphy farm and pulled the tower over and loaded it on to Mayor Clifford Brownfield's truck and brought it to the Ragar welding shop in Green Ridge. A platform for the siren was welded on to the tower.

Serving iced tea? Accompany it with attractive slices of lemon. Just score the lemon and then slice very thin so you have a pretty fluted effect.

STEPHANO BROTHERS—AMERICA'S QUALITY CIGARETTE MAKERS SINCE 1899

To millions of American Families who want more, need more, should have more life insurance—

# Equitable Proudly Announces Living Insurance in a New Low-Cost "Economy Size Package"

For you, and millions of Americans—who never dreamed it possible to own more life insurance—Equitable has devised a special low-cost policy. This policy protects your family if you die and pays you higher-than-ever cash benefits if you live. You don't have to die to win!

IT'S AN ECONOMY-SIZE PACKAGE that is available in amounts of \$10,000 or more. Because you purchase this much protection, Equitable can pass on to you important savings in the form of low premiums.

At 35 you pay 15% less than before—only \$23.41 a year per \$1,000! Annual dividends may be used to reduce your premiums.

NEW FLEXIBILITY. The 'change-over' fea-

tures of this new policy are designed to fit changing circumstances in your life.

For instance, if you take out the policy at age 35, you are guaranteed the right at age 55 to adjust your policy so that you will not have to pay any further premiums after 65. Or you may exercise the privilege of changing to a policy that will permit you to collect the full face amount at 65 or choose an income plan, whichever you wish. And you do so at a special low rate. Again—you save!

No other policy offers such flexibility at such low cost! Even if you are not a standard health or occupational risk, you may be able to obtain this protection at an appropriately low special rate.

Whole Life Insurance—available in amounts of \$10,000 or more. 20 Year Illustration Assuming Dividends Are Applied to Reduce Premiums on \$10,000 face amount.

## Knowland Asks Senate To Send Resolution For McCarthy Censure To Special Committee

WASHINGTON (AP) — Sen. Knowland (R-Calif.) today formally asked the Senate to send the resolution to censure Sen. McCarthy (R-Wis.) and all amendments to the resolution, to a special committee of three Republicans and three Democrats.

Knowland said Vice President Nixon should name the six members of the special committee and that it should report back to the Senate "as expeditiously as equity and justice will permit."

Knowland made his motion an hour and half after the third day of debate on the resolution by Sen. Flanders (R-Vt.) to censure McCarthy for conduct that was to bring the Senate into disrepute.

The Republican leader did not ask that Nixon sit as a member of the special, or as he called it, "select" committee.

The pending amendments to the Flanders resolution include the various specific charges which have been filed as bills of particulars by Sens. Fulbright (D-Ark.) and Morse (Ind-Ore).

Before Knowland's motion, the Republican leader had told the Senate that Morse, who criticizes McCarthy's attitude toward secret government information, had himself once revealed part of a "top secret" document in a political speech.

Morse, springing up in rebuttal, said Knowland was referring to a speech Morse made at Minneapolis during the 1952 election campaign.

And Morse declared the then President Truman had declassified the document and made it available for use in the speech.

In tones of astonishment, Knowland said "I am deeply shocked by the revelation" from Morse.

Knowland, in bringing up the matter, noted that Morse backs censure of McCarthy on grounds, among other reasons, that McCarthy had asked federal employees to hand over to him any information they might have on subversive activity within the government, even if it involved giving him secret information.

The Knowland-Morse clash came as the Senate pushed along on its third day of debate on the resolution by Sen. Flanders.

McCarthy, outwardly confident of victory, was calling for an early showdown.

And some of his critics were conceding they saw little chance of putting over the censure move.

Knowland told the Senate that Morse on Oct. 7, 1952, had disclosed portions of a top-secret memorandum which the late James Forrestal had sent then President Truman on Sept. 26, 1947 on the question of withdrawing U. S. troops from Korea.

Morse had said in the Minneapolis speech that the decision to withdraw troops was a military decision, agreed to unanimously by the Joint Chiefs of Staff, and not a State Department decision.

Eisenhower had charged in a speech a few days earlier that the decision was made by the State Department.

Knowland said that when he read in the newspapers of Morse's disclosure he immediately asked the Defense Department and the State Department whether the 1947 memorandum had ever been declassified—that is, whether its "secret" classification had ever been changed.

## 4-H Club Livestock Show Is Next Week

The Pettis County 4-H Club Livestock Show will be held next Monday, Aug. 9, instead of today as was reported Sunday. The event is to take place at the swine pavilion of the state fairgrounds.

## Ilmberger at Optimist Club To Speak Tuesday

Dell Ilmberger, local sportsman, will be the speaker at Optimist Club Tuesday noon at Bothwell Hotel.

## OBITUARIES

### William T. Bartlett

William T. Bartlett, 42, died at his home, 1507 South Missouri at 12:40 a. m. Monday, a few minutes after he was stricken with a heart attack.

Mr. Bartlett was born at Warsaw, March 20, 1912, son of the late Leslie E. Bartlett and Mrs. Callie Johnston Bartlett. His childhood and early life were spent at Warsaw and he received his education in the Warsaw school. He was a veteran of World War II, serving in the U. S. Navy.

He was married at Sedalia, Nov. 21, 1946, to Miss Margaret Bates, and was employed by the Shryack Wright Grocery Co. of Sedalia.

He was a member of the Fifth Street Methodist Church.

Surviving are his wife, Mrs. Margaret Bartlett; one daughter, Susan Bartlett, 4; and one son, Steven Bartlett, 6, of the home; his mother and step-father, Mr. and Mrs. V. M. Hemphill, of St. Louis; three sisters, Mrs. Fred Debro, Fenton, Mrs. Luther Sewell, Jasper, Mrs. Dave Beach, Lancaster, Calif.; his grandmother, Mrs. Minnie Bartlett, Warsaw.

Funeral services will be held at the Ewing Funeral Home at 2:30 p. m. Wednesday. The Rev. H. U. Campbell, Lexington, former pastor of the Fifth Street Methodist Church, will officiate.

Burial will be in the Riverside Cemetery at Warsaw.

The body is at the Ewing Funeral Home.

### William E. "Ernie" Lewis

William E. "Ernie" Lewis, 62, of 515 West Seventh, died at 6 a. m. Monday at the family home.

Mr. Lewis was born July 7, 1892 at Columbia, son of the late John N. and Anna Belle Foley Lewis. He was married at Columbia Feb. 13, 1912, to Miss Lulu Valentine.

His life was spent at Columbia up to three years ago when he came to Sedalia, being employed here as supervisor in the fitting department for the Town and Country Shoe Company.

He was a member of the Church of Christ in Columbia.

Surviving are his wife, Mrs. Lulu Lewis; two sons, Edward of Slater and Howard Lewis, Sheffield, Ala.; a brother, Albert Lewis, Columbia; and a sister, Mrs. Ethel Miller, Columbia; and two grandchildren.

The body was taken to the Gillespie Funeral Home to lie in state until Wednesday morning, when leaving Sedalia at 8 p. m. it will be taken to Columbia to the Memorial Funeral Home to lie in state until time for the services at 2 p. m. the Rev. Harper to officiate. The Gillespie Funeral Service will be in charge.

### Estella Mable Russell Services

Funeral services for Mrs. Estella Mable Russell, 41, wife of Roy W. Russell, who died at her home, 600 East 14th, Friday afternoon, were held at the Ewing Funeral Home at 3:30 p. m. Monday. The Rev. Thomas W. Croxton, pastor of the First Baptist Church, officiated.

Burial was in Highland Memorial Gardens.

### Mrs. Mabel Mae Garst Funeral

Funeral services for Mrs. Mabel Mae Garst, 68, wife of E. G. Garst, 417 East 14th, who died at the Bothwell Hospital Friday morning, were held at the Ewing Funeral Home at 2 p. m. Monday. The Rev. J. W. Watts, pastor of the First Methodist Church, officiated.

Mrs. W. L. Lewis sang "Take My Hand, Precious Lord." Mrs. Mae Moser accompanied at the organ. Pallbearers were Ora Edwards, M. C. Griffith, John Zahring, Gene Whittington, Wilbur Rayl and Gordon Potter.

Burial was in Highland Memorial Gardens.

### Mrs. Jessie G. Eels Services

Funeral services for Mrs. Jessie G. Eels, 78, who died Saturday morning, were held at the Ewing Funeral Home at 11 a. m. Monday. The Rev. J. W. Watts, pastor of the East Broadway Christian church, officiated.

Mrs. W. L. Lewis sang "What a Friend We Have in Jesus" and "The Lord's Prayer," accompanied by Mrs. Mae Moser at the organ. Pallbearers were A. B. Warren, Rolla Lopp, Gene Herrick, Virgil Herrick, Jack Couts and Loren Atterbury.

Burial was in the Memorial Park Cemetery.

## Ike Is Pleased As He Signs Housing Bill

WASHINGTON (AP) — President Eisenhower signs with evident satisfaction today a compromise housing bill which was high on his "must" list but markedly below his recommendations for further low-rent public housing.

He invited a large group of legislators and federal housing officials to watch the signing in his office, including Norman P. Mason, scheduled to take the oath as commissioner of the Federal Housing Administration (FHA) after the Housing Act of 1954 becomes law. Mason has been acting commissioner.

The Senate completed congressional action on the bill last Wednesday night with a 59-21 roll call vote. The House had passed it 358-30 July 20.

The measure generally is designed to make it easier to buy homes and to modernize them. Sen. Capehart (R-Ind.), Banking Committee chairman who handled the legislation in the Senate, estimates it should boost home building by 10 to 20 percent.

Ronald J. Chinnock, president of the National Assn. of Real Estate Boards, said in a prepared statement the bill "will put home ownership within reach of many thousands of families that have not been able to own their homes in the past."

The one section of the measure differing notably from Eisenhower's request is the provision for 35,000 public housing units this fiscal year — provided this type of building is devoted only to families actually displaced by federal slum clearance work.

The President had asked authority for 140,000 units over the next four years, without this restriction. The House originally voted for no public housing at all, then compromised on the restricted 35,000-unit figure at Senate and administration urging.

The new legislation also includes these changes, effective at once: Liberalizes down payment and repayment period requirements on homes bought with FHA-insured mortgages. For example, a house with an FHA-appraised value of \$12,000 could have its down payment lowered from the present \$2,400 to \$1,200 if new and \$1,650 if old.

Provides safeguards designed to prevent an extra-large "windfall" profits by builders of government-backed apartment projects.

Contains a clause requiring lenders in the government-backed home repair loan program to take the part of the risk on each loan made.

Permits the buyer of a government-insured home for the first time to take out an increased mortgage for the same terms as the first one if he decides to add improvements such as a wing or a bathroom to his house.

Daughter to Mr. and Mrs. James Whitfield, Dresden, at Bothwell Hospital at 3:25 p. m. July 31. Weight, seven pounds, 14 ounces.

Daughter to Mr. and Mrs. William Green, route 1, at Bothwell Hospital at 3:52 a. m. Aug. 1. Weight, eight pounds, 12 ounces.

Son to Mr. and Mrs. Howard Turner, 2209 West Third, at 4:02 p. m. Aug. 1 at Bothwell Hospital. Weight, six pounds, 10 ounces.

Daughter to Mr. and Mrs. James Thompson Walker, route 1, at Bothwell Hospital at 11:46 p. m. Weight, six pounds, eight ounces.

Son to Mr. and Mrs. Kenneth Green, route 1, at 10:59 p. m. Aug. 1 at Bothwell Hospital. Weight, seven pounds, three ounces.

Daughter to the Rev. and Mrs. Lewis Dunlap Wednesday, July 28, at the Community Hospital, Windsor. The Rev. Dunlap is pastor of the Green Ridge Presbyterian Church.

Son to Mr. and Mrs. Marvin Rowland, Seattle, Wash., July 2. Weight, seven pounds, five ounces. Named, James Wallace. Mr. and Mrs. Rowland also have a daughter, Mr. Rowland is a son of Mr. and Mrs. James D. Rowland, Knob Noster.

Son to Mr. and Mrs. Robert C. Harrison, Marshall, at Fitzgibbon Hospital there at 4:30 p. m. Sunday, Aug. 1. Weight, eight pounds. Mrs. Harrison is the former Eileen Wagner, daughter of Fred Wagner, 1016 South Monroeville, Sedalia, and Mr. Harrison is the son of Mr. and Mrs. C. C. Harrison, 1435 South Carr.

City Hospitals

## Selken Herd Begins Tour Of Big Fairs

Holstein entries of the Ernest and Paul Selken Farms at Smithton take off this week for a long series of rides which will see them entered against some of the best competition in the nation at a number of the largest fairs.

Stops will be made by the 16 head at the Iowa State Fair in Des Moines, Nebraska State Fair at Lincoln, South Dakota State Fair at Huron, Kansas State Fair at Huthinson, Oklahoma State Fair at Oklahoma City, Arkansas State Fair at Little Rock, Texas State Fair at Dallas, Ozark Empire Fair at Springfield and the Missouri State Fair here in Sedalia.

At the two Missouri fairs the 16 head show string will be augmented by 18 other animals from the Selken herd to bring to 34 the farm's entries for the two events.

During the past few weeks the show animals have been making a circuit of district fairs in Missouri as well as appearing in one major show, the Southwestern Exposition in Ft. Worth, Tex. There they took the ribbons for the grand champion male and grand champion female.

## Two More Commies Arrested In Colo.

WASHINGTON (AP) — The Justice Department today announced the arrest of two additional alleged Communist party leaders in Colorado, making a total of seven taken into custody in the west in the last 24 hours.

One of those arrested were charged under the Smith act with conspiracy to teach and advocate the violent overthrow of the United States government.

The Justice Department disclosed that FBI agents this morning picked up Joseph William Scherrer, 34, of Pueblo, Colo., and his wife, Maie Scherrer, 30.

Scherrer, described as presently active with the Communist party at Pueblo, was taken into custody at the Scherrer residence where the FBI said many Communist party meetings had been held.

where a light wire was shorted in the alley behind 1403 South Grand. No damage resulted. The alarm was received at 3:02 a. m. Sunday.

Gasoline just doesn't mix. It was previously known by everyone it didn't mix with whiskey, but a sure proof it doesn't mix with water was proven this morning when some clothing which had been spotted with gasoline was put into a washing machine and caught fire.

The fire companies were called to the residence of W. L. Angie, 503 East 10th, where the clothing was burning in a spin-dry machine and caused damage of about \$150.

The clothing had first been spotted to get out grease spots and, when put into the machine, the fire started in some manner, believed by fire department officials from the electric motor.

Fire companies answered the alarm at 11:48 a. m. Monday.

The fire companies at 2:55 p. m. Monday were called to Washington Park, on the Hancock side, where some dry grass had caught fire. No damage resulted.

Circuit Court

Fred Griffith, of Cooper County, and the Western Fire Insurance Co. filed suit Saturday morning against Ace L. Lawson, Sedalia, for a total of \$2,240 damages for alleged personal and automobile injuries received in an accident on June 3. The accident occurred at the intersection of Highway 65 and Pettis County Roads J and D.

Griffith asks \$1,000 for personal injuries, \$80 for loss of the use of his car while it was being repaired and \$129 paid by him for damage to the vehicle. The insurance firm asks \$1,021 paid by it for damage to the car.

Attorneys for the plaintiffs are Martin and Gibson.

Hubert M. Brown filed suit Saturday for a divorce from Mrs. Maude Brown, charging general indignities. His attorneys are Martin and Gibson.

## Police Comb Montreal For Machinist Wanted In Sadistic Slaying

MONTREAL, P.—Police combed Montreal today for a bespectacled machinist with a "Charlie Chaplin mustache," wanted for questioning in connection with the sadistic sex slaying of 6-year-old Raymond Trudeau.

The machinist, identified as Lucien Picard, 43, was the last occupant of the basement apartment where the little boy's torso was found a day after his head and limbs were discovered on the nearby waterfront.

Authorities said Raymond, who was to have been given a birthday party by his parents Saturday, was the victim of a sadistic sex maniac.

A truck driver found the little boy's head, legs and hands Saturday stuffed into two cardboard boxes atop a produce market garbage heap.

The slashed torso was discovered jammed into a suitcase after tenants of the rooming house noticed a strong odor coming from the room.

## Girl Dies of Polio

KANSAS CITY, P.—Linda Kathryn Phillips, 3-year-old daughter of Mr. and Mrs. Gene Phillips of Kansas City, died of polio at General Hospital yesterday.

## Gets Water System

EXCELSIOR SPRINGS, P.—This city is now operating its own water system.

The system was bought from the Missouri Power and Light Co. Saturday for \$336,027.

## Red Army Chief Calls For Formosa Capture By Communist China

TOKYO, P.—Gen. Chu Teh, commander in chief of the Red Chinese army, called "amid storming applause" yesterday for the capture of Formosa by Communist China.

Chu spent most of his aggressive speech building up Red China's claims on the island now held by the Chinese Nationalists under Chiang Kai-shek.

The speech, made on the 27th anniversary of the founding of the Chinese Communist army, was the strongest statement the Reds have made on Formosa in recent months. It bristled with attacks on Chiang and the United States.

"Comrades," Chu said, "Taiwan (Formosa) has been our territory from ancient times. As long as the Chiang brigands are not thoroughly wiped out, so long as Taiwan is not liberated our task of liberating the whole of China cannot be considered completed.

"We absolutely will not allow other countries to interfere."

The speech was monitored here.

## Ike Returns to Work

THURMONT, Md., P.—President Eisenhower returns to Washington today after an extended weekend in the cool Catocin Mountains, where he escaped the capital's hottest weather in 18 years.

## 3 Aluminum Plants Tied By Big Strike

RICHMOND, Va., P.—Workers at three widely separated plants of the far-flung Reynolds Metals Co., one of the nation's largest manufacturers of aluminum, were out on strike today. Employees at five other plants were expected to follow suit within the next few days.

Already idle, as the result of the breakdown of contract negotiations between Reynolds and the CIO United Steelworkers, were approximately 2,500 USW members at Phoenix, Ariz.; Troutdale, Ore.; and McCook, Ill.

Union officials here said they expected between 5,500 and 7,500 more to walk out as the result of the strike call late Saturday.

Delay in receiving official notice of the strike apparently was keeping Reynolds workers on the job in plants at Little Rock, Arkadelphia, Jones Mill and Hurricane Creek, Ark., and LaGrange, Ill.

The strike call came immediately after the company and the union failed to reach agreement on a new contract here shortly before midnight Saturday. Charles M. Smith, chief USW negotiator, said the talks collapsed when Reynolds refused to accept a union demand that vacations and weekend premium pay be made uniform at all eight plants.

Smith said the negotiators didn't even get around to the subject of pay raises. Earlier it had been indicated by both the company and the union that a wage agreement might be reached patterned after the 5-cent hourly boost granted USW workers Saturday by the country's biggest aluminum manufacturer, Aluminum Corp. of America (Alcoa).

In the Alcoa settlement, the union's general counsel, Arthur J. Goldberg, figured the new terms mean a "package increase of at least 12 cents an hour." Pay scales ranged from \$1.54 to 2.24½ for the

15,000 to 20,000 Alcoa employees represented by the USW. Besides the 5-cent hourly increase, the contract also provides, Goldberg said: 3 cents an hour on the average to straighten out inequities in the present wage scale, plus pension and insurance program improvements.

## Merry-Go-Round

### Sutton's Race Against Kefauver

By Drew Pearson  
WASHINGTON—No. 1 political paradox in the nation right now is the way money is pouring into Tennessee to support a relatively unknown congressional playboy, Pat Sutton, against one of the top men in the Democratic party, Estes Kefauver.

Congressman Sutton, as previously pointed out, is chiefly famous in Washington for having a slew of relatives on the payroll, for getting his nephews into Annapolis, getting embroiled with a lady over a red Pontiac in Miami, and selling suits of clothes in his congressional office.

Sutton has never passed any legislation that would give his stature either in Washington or Tennessee, though significantly he has introduced some legislation. And this attempted legislation may explain in part where his lush campaign funds and his expensive helicopter are coming from.

For two of Sutton's legislative bills, if passed, would be of great help to the underworld, which the crime-busting senior senator from Tennessee has tried to put out of business.

One bill might have permitted a long list of foreign-born racketeers, convicted of crimes or moral turpitude, to beat the rap and remain in the U.S.A.

#### Friend of Costello's

Significantly, Sutton's bill which made more vague and fuzzy section 241 B of the immigration act, was introduced after Senator Kefauver had exposed the Mafia, the Sicilian underworld group which has dominated crime in this country. As a result of the Kefauver expose, a long list of racketeers had been placed on the attorney general's list for deportation.

The exact date of Congressman Sutton's proposed amendment was April 23, 1953. Significantly, just one month before, March 23, 1953, the justice department had issued a final deportation order against Carlos "the little man" Marcello, of New Orleans, who had figured prominently in the Kefauver crime probe.

Marcello helped operate the famed Beverly Club just outside New Orleans, owned by Frankie Costello and Dandy Phil Kastell. He was branded by Kefauver as the No. 1 bad man of that area, had served one year in Atlanta for selling marijuana, was cited for contempt by Kefauver, served an additional stretch in jail, and afterward was ordered deported.

Associated with Marcello at the Beverly Club was Charles B. Murphy, secretary and treasurer of the gambling club, and so close to Costello that he held his power of attorney to handle all deals in Louisiana. Murphy was Costello's bookkeeper and also treasurer of the Louisiana Minto Co., the name given to Costello's slot-machine company in Louisiana. All this was revealed by the Kefauver committee.

And here is where the Sutton campaign comes into the picture.

Murphy just happens to be a member of the board of directors of General Air Transport, Inc., the company supplying a helicopter to Congressman Sutton at an estimated cost for the campaign of around \$20,000.

#### Race-Wire Associates

Another man who figured prominently in the Kefauver hearings was Mickey McBride, owner of the race wire which linked up the bookies of the nation. McBride's former associate, Robert Venn, who operated McBride's Miami radio station, WMIE, is now Congressman Sutton's public relations man and campaign manager.

It's Venn who has staged Sutton's highly successful and highly expensive radio-TV talkathons in different parts of Tennessee, which, in view of the cost of purchasing TV-radio time, must have set the Sutton campaign back by at least \$40,000. With ample funds in the kitty, however, Sutton doesn't seem to worry.

"My activities are not restricted to the talkathons alone," Venn has said. "But include advice on all phases of Sutton's campaign."

Another clue to where the Sutton money may be coming from is another piece of legislation introduced by the imaginative young congressman. On Aug. 28, 1950, shortly after the outbreak of the Korean war and while the Kefauver crime probe was at its climax, Sutton introduced an amendment to permit the transportation of slot machines in interstate commerce.

A bill had been introduced, as a result of the Kefauver hearings, prohibiting the shipment of slot machines. But Sutton debated long and bitterly on the house floor exactly to the contrary. In the end he lost. The debate, however, not get him in wrong with the gamblers. It set him up as their great pal.

These are clues to some of the forces that have got behind one of the most inconspicuous and undistinguished members of congress to build him up as an opponent of the nation's No. 1 crime-buster.

#### Snoring Champs

The great filibuster is now over and senators—in less bitter mood—are debating privately which deserves the medal of champion snorer.

Senator Kuchel of California claims that Barrett of Wyoming deserves the medal.

"I could hardly sleep a wink during the filibuster," he complained. "Senator Barrett snored so loud it kept me awake all night."

"It was really Senator Wiley," counters Barrett. "He was snoring louder than I. I can't deny snoring," he admitted. "My wife says I snore, but right now I admit nothing."

Someone else claimed it was Sen. Glenn Beall of Maryland who deserved the top snoring record.

Wiley of Wisconsin, also an involuntary contender for the medal, denied everything except that he snored.

"I know my limitations, so I slept in the foreign relations committee room where I didn't bother anyone," Wiley countered. "Senator Barrett is just trying to shrug off the blame. He is definitely snorerous."

"As for me, I had a good cot, a pillow and a blanket, and slept the life of Riley—until that darn bell would ring. After I answered the quorum call, I would go down to the senate restaurant for some cereal and a glass of milk. Then I'd go back and sleep like a baby."

#### Blackens Bulb

Under the influence of heat, the tungsten metal in the filament of an electric light bulb evaporates. Tiny particles of metal settle on the inside of the bulb, causing it to turn black after prolonged use.

## For Happiness, Slow Down Enough To Enjoy Family

By Ruth Millett  
"What would you do if you knew you had only 24 hours to live?"

Perhaps it is a foolish question, but when a national magazine recently asked its women readers what they would do, almost all of the published answers expressed the same wish.

They would spend the time with their families, much like any other day, but with this exception. They would try to make the day seem gay and leisurely.

Perhaps, that is a wish most wives and mothers have. That the time they spend with their families could be lived at a more leisurely pace and that there was more light-hearted laughter among members of the family.

If that is your wish, are you doing anything about it?

Have you cut out all the unrewarding outside activities that you took on when you had more time but which now make you feel rushed and pushed?

#### Learn To Relax

Have you cultivated the habit of really relaxing when you have a few free minutes.

Some women can't sit down without noticing that there's dust on the piano or listen through to the end of a child's excited confidence without telling him his face is dirty or he has left his baseball mitt on the living-room couch.

Can you laugh at small annoyances, or at least accept them calmly?

Do you stop your work for a minute to watch a bird or look at a sunset or notice the pattern of shadows, and share the moment's beauty with any member of the family who is nearby?

Do you usually remember that it is more important to listen to what your children want to tell you than to rush through the job you are doing, while you merely pretend to listen?

In short, if you really wish that you had more time to enjoy each day with your family, are you doing anything to slow down each day enough to enjoy it?

## Same Old Reds

By Bruce Blossat  
In the callous world of communism, even apologies are fraudulent. First the Red Chinese apologized to the British for shooting down one of their airliners, and then they viciously attacked U. S. planes aiding the rescue effort. How brutally insincere is it possible to be?

This business of attacking defenseless aircraft, is an old stunt with the Communists. It should not surprise us. The Reds think it is smart to harry us with annoyances of this sort. They do not expect the tactic to lead to war.

It's one way of trying to convince their own people that the outside world really is hostile, and that the Communists are top dogs whenever a clash occurs.

The apology, however, was a surprise. Evidently the Communist Chinese reasoned that their new approach, stressing mildness and straight dealing, would be endangered by this incident off the Chinese island off Hainan.

What they did not anticipate was the dispatch of American planes and warships to assist the rescue of survivors from the downed airliner. In the face of this show of strength, and of sympathy for the innocent victims of their crude assault, the Reds could not go on wearing the cloak of sweet reasonableness.

So they reverted to type and sent aircraft and a gunboat out to attack the rescue craft.

And in so doing they made thoroughly transparent the fakery of their apology, which was never more than a device to help further their political aims. Those aims include gaining entry to the UN, and splitting the Western nations.

The most baffling aspect of the whole affair is the feeble response of the British. They seem almost to have forgotten that the airliner involved was one of theirs. You can measure their moral indignation with an eye dropper.

British leaders indicated quick willingness to accept the Chinese apology at face value and write off the 10 lives lost as a mere nothing.

Less than a handful of Britain's newspapers praised the American rescue effort. One gets the notion the British would like to dismiss the ugly incident as akin to a display of bad table manners, which ought to be gracefully overlooked.

Contrary to much uninformed opinion in Britain and elsewhere, the United States does not want a war any more than the British do. We did not send our planes and ships to the rescue nor shoot down attacking Red aircraft, in hope of starting one.

What we did was the humane and courageous thing to do. Years ago the British would have done the same. In this instance they didn't have the facilities handy to match our effort. But at least they could have supported it. Their failure to do so puts British morality at its lowest ebb in many decades.

## Simple, He Says

WASHINGTON—Rep. Sidney R. Yates, a Chicago Democrat, has come to the conclusion that most of the arguments in favor of 90 per cent of parity price supports are about as circuitous as Albert Einstein's simplified explanation of the theory of relativity. Congressman Yates tells this story to show what he means:

Professor Einstein was taking a walk with a blind friend on a hot day. He remarked that he would like to have a drink of milk.

"I know what a 'drink' is," said the blind man, "but what is 'milk'?"

Einstein replied: "Milk is a white liquid."

"Liquid? I know," said the blind man. "But what is 'white'?"

"The color of swan's feathers," replied Einstein.

"Feathers? I know, but what is 'swan'?"

"A swan is a bird with a crooked neck."

"Neck? I know, but what is 'crooked'?"

Einstein took the blind man's arm and held it out. "This is straight," he said. Then, bending it, he explained, "This is crooked."

"Ah!" said the blind man. "Now I know what 'milk' is."

"And that, in a nutshell," said Einstein, "is my theory of relativity."

Although there is no current power-aircraft production in Germany, gliding has been sanctioned, and about 600 gliders now wait through German skies.

## 'I Could 'ave Sworn the Bloke Smiled'

## The World Today— Fifth Amendment Still Holds

(By James Marlow)  
WASHINGTON, D. C.—The witness who cites the Fifth Amendment and claims up—one of the biggest stumbling blocks to Congress' investigation of communism—may remain a stumbling block.

Atty. Gen. Brownell offered a solution: pass a law to make a Fifth Amendment witness talk by promising him immunity from federal prosecution. There is no such law yet.

And if Congress did pass such a law—in the short time it has left this year—the Supreme Court might throw it out as an unconstitutional device to get around the Constitution's Fifth Amendment.

For years Congress has been helpless when a witness, asked a bona fide Communist connection, says: "I stand on the Fifth Amendment and refuse an answer on the ground it might incriminate me."

The amendment says among other things that a man can't be forced to give testimony against himself. But, since there's no crime in just being a Communist, how can a witness say he might incriminate himself?

He can argue that someday the government might want to prosecute him under the Smith Act, passed in 1940, which makes it a crime, not to be a Communist, but to teach forcible overthrow of the government.

The government already has tried, convicted and jailed a number of Communists under the Smith Act and, undoubtedly, it is far from through bringing others to trial.

The actual words a witness used in answering a congressional com-

mittee could never be used against him later at a trial. But his words might provide leads to evidence on which the government could try him as a Smith Act violator.

Brownell suggested:  
1. A law under which the attorney general—Brownell or his successors—could promise a witness he'd never be prosecuted for any offense in relation to which he answered committee questions.

Thus a Communist, once he was guaranteed immunity, could answer questions even to the extent of teaching forcible overthrow and never afterwards be prosecuted for violating the Smith Act.

2. The attorney general alone should have the right to decide who should, and shouldn't, be granted immunity as an inducement to talk. Brownell's reasoning on that point goes like this:

As chief law enforcement officer the attorney general is always in a better position to know, in the case of any individual witness, whether the public interest is better served by granting him immunity from a future prosecution.

3. Once a witness was promised immunity he could no longer use the Fifth Amendment as an excuse for not answering. Since that amendment was intended to protect a man against being forced to incriminate himself, a promise of immunity would take the protection of the Fifth Amendment unnecessary.

The argument is that if a witness, after receiving a guarantee of immunity, still refused to testify he could be jailed for contempt of Congress. The first witness who spurned immunity, still refused to answer questions, and was jailed for contempt, would no doubt take his case to court.

The court then would have to rule on whether Congress could pass a law to get around a constitutional amendment. The court might rule, for example, that the law was invalid because it could not grant immunity from prosecution in state courts.

In Congress there was mixed reaction to Brownell's proposal. Some members said that letting the attorney general decide who got immunity was too much power for one man. Someday an attorney general might use it for bad purposes.

The Senate last year passed a bill which would let Congress, not the attorney general, have final say on who got immunity.

Last week, after sitting on the problem a year, the House Judiciary Committee approved a bill similar to the Senate bill. Although it says a federal judge would grant the immunity, not Congress, it would actually be Congress which recommended when and to whom to do the granting.

But there was this difference: while the Senate bill would make it possible to give immunity to anyone involved in any kind of crime, the House committee bill would limit the immunity guarantee to subversive cases only.

Even if the House should pass this bill before it quits, there could be no law on the subject unless House and Senate worked out their differences. There isn't much time left for that.

GREAT FALLS, Mont. (AP)—Adlai Stevenson, tanned and fresh from an Alaskan vacation, arrived in Great Falls last night for a talk before an estimated 500 Montana Democrats at noon today.

## THE MIGHTY MILO

Copyright 1954 by Messinger House, Inc. Distributed by MSA Service

XXVII  
THE next Friday when Herman Glutz and Milo wrestled, the fans saw right away the resemblance between them except for size and I never heard such laughing before except for the night of the rattle royal in molasses. The fans thought it was all a gag, of course, which it was in a way, but Milo was as serious as always in the ring. Herman enjoyed the fans laughing at him, and thought it was such a good joke that he began to laugh too, and when Herman laughed, he used every one of his 248 pounds to do it.

This only made Milo madder than ever, because he thought that his friend Herman was laughing at him.  
As usual, the two grapplers were supposed to go into a referee's hold. The trouble was that Milo was so short it was hard for him to reach up to where Herman's head was. When they worked out on the mat in the Y, they never bothered with the referee's hold. So Herman obligingly put his head down low enough for Milo to reach it. This was a mistake, as Milo was still mad about Herman laughing at him, so once Milo got his hand on the back of Herman's neck and his other hand on Herman's arm he didn't stop there for a second but kept Herman's body coming forward until Milo had him in a head and far arm lock. Then Milo threw his legs forward and sat down, which caused all of Herman's poundage to fly over Milo's shoulder. He hit the mat with a thud that was so resounding I thought that poor Herman was practically killed. He lay there unconscious while all the fans stood up to see whether he was really dead or not. Milo was all over being mad and knelt down by Herman, where he already was anyhow.

and began to pat Herman's head and cry like he did when he hurt me once or twice.  
"Milo bad mans," I could hear him saying as a doctor climbed into the ring along with so many other people that I couldn't see Herman for all of them. I ran up the aisle from where I had been sitting, but so did everybody else. It was with a sigh of relief that suddenly I saw Herman's square head towering over the folks in the ring. He looked a little dazed, but by the time he got down to the dressing room, he was himself again.

I WAS right in thinking that Benny Lefkoe would blame me for the Great Glutz and Mighty Milo fiasco. The next Friday night I was to wrestle a big hunk of meat who was called Tiny Something—or other, as wouldn't you know. I was giving away 80 pounds to him on the assurance that he strictly couldn't wrestle and that all I was in for was a job of weight lifting, so naturally when Benny lit into me he compared Herman to this Tiny character.

"Why, that match last week was nothing but a weight-throwing contest," he said. "I'm surprised that you even consider that Glutz guy a wrestler. The 50 bucks I gave him was just money thrown away. Besides, if he'd been killed or hurt I might have been sued or lost my license. I've told that Milo character a dozen times that when he wrestles here he's got to give them a show, but he is just too knuckle-headed."

When I could get in a word edgewise, which was about five minutes later, I reminded Benny of all the shows Milo had given them and what a success the Mud Battle of the Century had been, for instance.

I said, "It's true that it's well-

high impossible to make Milo understand that two minutes isn't a wrestling match. But when you question my judgment of wrestlers, you hurt something deep within me." I could see that Benny was touched, because his mouth opened so his cigar almost fell out.

"It isn't that Herman is not strictly an A-1 wrestler, but Milo is a man who doesn't know his own strength. Glutz could take half the bums you bring down here as wrestlers," I went on. "Why, he's even better than I am, because the times that we have worked out together, he has thrown me more often than I have him, although, of course, he weighs 50 pounds more than I do."

"JUST another Tiny, as I told you in the first place," Benny sort of sneered, but I paid no attention and let the matter rest right there, as Herman had told me that he was only interested in wrestling for the fun of it and not as a career and had only come that one time because he needed an extra 50 bucks.

I was still a little sore at Benny just the same, especially after I got on the mat with this Tiny, who was anything but the hunk of meat Benny had said he was. He was very slow because of his weight, which was 280 pounds, but he was far from being a push-over. I tried to work in back of him as much as I could or keep him on the mat in a defensive position, which made for a slow bout that ended in a draw. He got in a couple of reverse head locks, which gave me the first cauliflower ear I ever had. I hadn't realized it until I saw myself in the dressing-room mirror. My ear was puffed out almost the size of an apple and was not only black and blue but green and yellow as well.

Tiny felt real bad about the way my ear looked and that he had done it.

"Think nothing of it," I said. "A tin ear is the badge of a wrestler and nothing to be ashamed of."

(To Be Continued)

## Democrat Pick-Ups

Odds and Ends  
By News Staff

"Will you be glad when your mother gets home?" a youngster was asked.

"I sure will," came the reply, and there was no doubting by the tone that he would be, either.

"Don't you like the food you're getting?" came the next question. And the boy shook his head that he didn't.

"Who is doing the cooking?" he was asked.

"My sister."

"Isn't she a good cook?"

"No," and then he explained why. "She keeps fixing leftovers from the leftovers."—H. L.

"I WANT A COOKIE," the two-year old boy would say to the woman next door just as soon as he would get to the house.

The neighbor thought it was cute. But the mother didn't like for him to ask for anything and when she heard him say in a loud voice one day, "I want a cookie," she attempted to put a stop to it. She told him she didn't want him to ask for anything more.

So the next time he went over he went up to the neighbor and whispered to her: "I want a cookie." The kind didn't matter—just a cookie. The mother told him she didn't want that either—he was just not to ask for a cookie at all.

A day or so later he was all dressed up ready to go to a birthday party and went over to show the neighbor how he looked. But the minute he got to the door he thought of the cookie and in the loud voice said: "I want—." Then he looked up at his mother and knew he was about to say the very thing she had told him not to say he had to think quick and he did. He finished the sentence with: "Go to the birthday party."—H. L.

ON A VISIT to the home of her brother in another city the young woman was trying her best to entertain her small niece and until it came to reading the nursery rhymes.

She read the nursery rhymes as expressively as she could, but the youngster just cried and cried and she was pretty well distressed about it.

When the tiny girl's daddy came home she told him about it and he said, "Oh, you just weren't reading them right."

"Well, I read them just as they are," he explained. "You see it's were," she said.

"But you didn't put the frills like this: 'The three little girls were dancing—tra-la-tra-la—' and as he did she held out his hand and moved his fingers in a gay mood of rhythm for the "tra-la-tra-la."

And the sister saw what he meant, but she didn't have the ability to dramatize the stories as she read them so she resorted to other forms of entertainment for the youngster.—H. L.

# Commies' Bond At \$100,000 Each In Denver

DENVER (AP)—U.S. Commissioner Joseph D. Neff set bond at \$100,000 each early today for four top communists nabbed together only one block from the Colorado Capitol Building by FBI agents. A fifth was arrested in Los Angeles.

Three men and a woman were taken by FBI agents to city jail here for fingerprinting, then to the county jail. Commissioner Neff said a preliminary hearing would be held Aug. 16.

The arrest of the four, along with that of Mrs. Patricia Blau in Los Angeles, was announced in Washington by FBI Director J. Edgar Hoover. U.S. Atty. Donald E. Kelley said all were arrested on warrants issued here and charging them with violation of the Smith Act.

That law, under which a total of 115 Communist party functionaries have been arrested since 1949, makes it a crime to teach or advocate the forcible overthrow of the U.S. government.

Those arrested here were Arthur Bary, 42, chairman of the Colorado Communist Party and regional organizer for Colorado, Wyoming, Montana, Utah and New Mexico; Anna Correa Bary, 29, his wife and former organizer of the Communist party in Denver; Harold Zepelin, 28, Communist party organizer for Colorado; and Lewis Martin Johnson, 34, head of the Communist party in Utah.

As they left the office of Commissioner Neff, all except Mrs. Bary, smartly dressed in a blue dress and sporting a boyish Italian hairdo, were handcuffed.

Asked if he had any comment, Bary, nattily dressed in white straw hat, dark blue suit and white polo shirt, told The Associated Press:

"Yes, if it's permissible to make one."

The FBI agents, one on either side of him, made no protest. "I think you should know that Commissioner Neff set bond at \$100,000 each, which is tantamount to no bond at all. It will be impossible to meet it."

Commissioner Neff said the four showed no emotion other than "amusement" at their arraignment. "It was all a big joke," he said.

Charles Brown, agent in charge of the Denver FBI office, gave no details of the arrests other than to say that all were arrested while standing on the sidewalk near the Capitol.

He said the arrests climaxed "a lengthy investigation." Kelley said he was aware of the investigation "some time ago." He said Mrs. Blau probably would be returned here for preliminary hearing on the same date as the other four.

Mrs. Blau, who the FBI said has been associated with Communist party activities since 1943, was arrested at her Los Angeles home where she lived with her husband. She had been working in a bakery for several months without public attention, the FBI said.

A native of Port Smith, Canada, she was arrested Aug. 27, 1953, near Stockton, Calif., in connection with the arrests of Communist fugitives Robert Thompson and Sidney Stinberg on the same day in a cabin hideout near Twain Harte, Calif. She was later acquitted on charges of harboring federal fugitives.

Bary, Colorado Communist party chairman and former party functionary in Utica, N.Y., is regarded by the FBI as one of the party's outstanding West Coast underground leaders. He had \$1,872.67 in his possession when arrested.

## Israel Accepts Three Parts of Proposal On Border, Snubs 8

JERUSALEM, Israel Section (AP)—Israel has accepted three parts of Western proposal designed to ease border friction with her Arab neighbors, a Foreign Office spokesman disclosed. But she rejected the remaining eight points on grounds they would not solve the frontier problem.

He said the Israeli government, in a note presented to the United States, Britain and France, agreed in principle on points that dealt with preventive measures to improve the situation. They are:

To demarcate its border.

To set up physical barriers at suitable points along the frontier.

To discuss an arrangement to permit Arabs now living in Egyptian-held Gaza to cross Israeli territory into Jordan on condition they go for good.

## Brigham's Descendant Is Prettiest Student

NEW YORK (AP)—Lorna Young of Salt Lake City, 17-year-old descendant of Mormon Church founder Brigham Young, was named "the prettiest schoolgirl in America" last night in a soap company contest.

The winner of the nationwide contest was announced on a television show (NBCS "Summer Comedy hour") with Miss Young and five other finalists appearing on the show. They were introduced by Actor Dennis O'Keefe.

All the girls received expensive-paid trips to New York and \$1,000 wardrobes, and Miss Young additionally was presented with a \$1,000 check.

Other finalists included Joan Gavin of Ft. Leavenworth, Kas.

## Old Man Starves; His Account Held \$6,000

BRIDGEPORT, Conn. (AP)—After John J. Panso, 75, died of malnutrition in St. Vincent's Hospital last night, police searched his basement flat.

They found a bankbook showing deposits totaling \$6,000 and two uncashed income tax refund checks for 1952-1953 amounting to \$200.

The hospital reported that Panso, found unconscious Saturday night, apparently hadn't eaten in a week.

DR. SHEPPARD EN ROUTE TO JAIL—After pleading "not guilty" to the charge of first degree murder of his wife, Marilyn, 31, on July 4th, Dr. Samuel H. Sheppard, right, awaits transportation to Cuyahoga County Jail at Cleveland, Ohio, from Bay Village, Ohio, City Hall. He is handcuffed to Bay Village Patrolman Fred Drenkhan. (NEA Photo)

## First of Series on Taxes— Income Tax Cut May Assist Man With Big Medical Bill

(NOTE: This is the first in a series of articles explaining how the new tax revision bill will affect individuals.)

By CHARLES F. BARRETT

WASHINGTON (AP)—If medical expenses are taking more than an incidental bite out of your pocketbook, you may get some help from another source: an income tax cut.

Bigger deductions for medical expenses are included in the giant tax revision bill just passed by Congress. It's one of many provisions designed to give tax relief to people with special needs or problems.

Experts figure about 8½ million persons will find their tax bills reduced by about 80 million dollars altogether because of this new allowance.

It goes into effect for medical expenses starting as of last Jan. 1. It will show up in your 1954 income tax return when you file next spring.

Under the new law you may deduct from your income, before figuring your tax, medical expenses above 3 per cent of your income. Under the old law you could deduct only those expenses above 5 per cent of your income.

But there's another provision that may trim your benefits somewhat. Under the old law, all outlays for drugs and medicines were included as medical expenses. Under the new law you can count only those drugs and medicines which exceed 1 per cent of your income.

And remember you don't get any deductions for medical expenses unless you itemize all your deductions. You won't benefit if you take the standard deduction of 10 per cent of your income, which the government offers gratis to most taxpayers.

Because of the medical allowance and others, you may find you will benefit by listing your deductions next year although in the past you have been taking the automatic 10 per cent deduction.

Another change would be an especially big help if you run into really extraordinary medical expenses. Under the old law the maximum medical deduction was \$1,250 per person, for yourself or your dependents, or up to \$5,000 per person and \$10,000 for a family. That could be a tax reduction of a thousand dollars or more for

## Few Newspapers Note French Anniversary

PARIS (AP)—Forty years ago today France declared the general mobilization that emptied villages and cities of the young men who marched against Germany in World War I.

Only a few newspapers noted the anniversary. They recalled what they termed "the terrible tribute" French youths paid in the battle of the Marne one month after the mobilization order.

## Marine Is Found Dead Alongside His Bed

SEOUL (AP)—A U.S. Marine was found dead alongside his bed yesterday, the 1st Marine Division reported today.

An investigator's report said the Marine had fallen from his bunk. He was found with bruises on the forehead and had been bleeding from the nose. His name was withheld.

## Kansas Primary Centers on Race For Governor

TOPEKA, Kan. (AP)—Predominately Republican Kansas nominates Candidates for the US senate and six congressional seats tomorrow but the state's main interest has centered around the governorship contest.

Control of the Republican party machinery hinges on the outcome of a race between Fred Hall, the present lieutenant governor, and George Templar, former U.S. district attorney.

Rep. Sen. Andrew F. Schoepel is seeking re-election but his opposition is not considered strong. He has remained in Washington while Congress has been in session.

These five Republican congressmen also are seeking re-election: Myron V. George, Ed H. Rees, Wint Smith, Everett P. Scrivner, and Clifford R. Hope.

Kansas' only Democratic congressman, Howard S. Miller of the 1st District, also is up for re-election. He, Scrivner and Hope do not have opponents in the primary. The others regard their opposition lightly.

There also is a spirited contest for the Democratic governorship nomination between William C. Salome, mayor of Wichita, and George Docking, a widely known Lawrence banker. Unless there is a strong division among Republicans, the Democrats in Kansas normally are not considered a potent factor.

In the GOP governorship contest, Hall has contended the state's government is dominated by Republican leaders interested only in power and indifferent to their responsibilities.

Templar has the backing of the administration forces of Gov. Edward F. Arn, although Arn himself has taken no public part in the contest.

Templar says he does not owe allegiance to any faction. Hall has called him a "hand-picked" candidate of the administration.

## Burglars Take Suits In Sight of Public

WILLIMANTIC, Conn. (AP)—Passers-by watched last night as three men carried 250 suits out of a clothing store, loaded them in a car with Rhode Island tags and drove away.

Police said it wasn't the routine mercantile transfer the witnesses thought. The burglars got away with merchandise worth \$15,000.

HIPPED—Martha Rocha, Brazilian runner-up in the recent "Miss Universe" contest at Long Beach, Calif., shows off the hips that some people say cost her first place in the beauty contest and may ruin her movie career. Miss Rocha says she could take off some of the weight, but says no one in Brazil has complained.

TOKYO (AP)—Vietminh Deputy Prime Minister Pham Von Dong and his party arrived in Peiping today in response to an invitation from Red China to visit before returning to Indochina, Peiping Ra-

## Four Killed In 3 Wrecks In Missouri

WINONA, Mo. (AP)—A 41-year-old Shannon County man and his wife were killed yesterday in the collision of their car and two buses.

State police identified the dead as Corwin Holm and his wife, Arkie, 38, of Birch Tree, Mo. There were no passengers on the buses.

Officers said the accident occurred on State Highway 60 about three miles east of here when a bus driven by Richard C. Jarrett, 27, of Los Angeles, went out of control and collided headon with Holm's car. The second bus, driven by Robert Crowder, 62, of Los Angeles, plowed into the rear of the first bus.

Neither bus driver was injured. The buses were being transported across country.

ST. LOUIS (AP)—Everett Russell, 67, of 147A Laurel St. St. Louis was struck and fatally injured by a car in St. Louis County late last night. Police quoted the driver of the car, a 16-year-old boy, as saying he did not see Russell in time to stop.

ST. CHARLES, Mo. (AP)—An automobile went out of control and into a ditch Saturday, filling the driver, Hoston C. McMickin, 18, an aluminum company employee of St. Charles.

The accident occurred on a curve of State Highway 94 three miles west of here.

do said in a broadcast heard here. Pham previously had visited Moscow en route home from the Geneva conference.

**Death Roams Kentucky With a Vengeance On Weekend, Takes 26**

LOUISVILLE (AP)—Death roamed Kentucky with a vengeance during the weekend, claiming an appalling total of 24 killed in automobile accidents and two by drowning.

The state hadn't recovered from the nation's worst single-car tragedy in history—as 11 died Saturday in a flaming 13-year-old sedan atop Pine Mountain—when the toll began to mount toward record proportions.

Three were killed yesterday as their auto spun broadside into the path of an oncoming car near Mount Vernon. A Hartford couple died as their station wagon hit a bridge near Owensboro.

Elwood C. Chambers, 34, Danville stock-car racer, was among the others killed. He died of a broken neck and skull fracture as his auto overturned several times at the Richmond track.

Hexie Maxie, 40, was the only survivor as 11 died near Whitesburg Saturday. His wife, three children, his sister, brother-in-law and their four children died.

# Rain Delays Semi-Pro Play Until Tonight

Cancels Two Tilts Sunday And They Are Set For Tonight

The welcomed rain put a "hitch" into the 19th annual Missouri State Semi-Pro tournament Sunday, and possibly may cause a delay in the games scheduled for tonight. Four games were scheduled to be played Sunday afternoon and night, but the diamond was in such condition it was impossible to get it ready for an afternoon contest. Rain in the evening would have stopped the night games anyway.

Commissioner H. L. "Hank" Williams remarked he was happy it rained because "we need it, and I promised rain and a good one before the tournament ended." He continued by saying, "But, it does hamper the tournament play and may cause some shifting of games and possibly make it necessary to play three games each day this week, if tonight's games are postponed."

If the diamond can be readied by tonight, the two Sunday night scheduled games will be played. They are Holden Chiefs and the Jefferson City Red Birds at 7:30 with the Lexington Pirates and Local No. 93 CIO-UAW, Kansas City, playing the second.

The Sunday afternoon games, between United Brooms of Kansas City and Nevada Red Sox, and the Sedalia Maytags and Sedalia Air Force Base, will be sandwiched in this week.

Although the games had to be postponed, the rain did help the diamond in living it up and softening up the outfield. Both were becoming harder than concrete due to the intense heat and constant playing.

**Generals 3, Whiz Kids 2**  
Saturday night baseball fans were treated to one of the best games of the tournament when the Springfield Generals and the Sedalia Whiz Kids tangled. The Generals won 3-2, but not until after they had to call upon their main stay pitcher, Black. It gave the Generals a 3-0 and the Whiz Kids a 2-1 standing in the tournament play.

A single followed by a three base error by Jim Fall resulted in Brown scoring in the fourth. Brown hit a sharp one to left field for the hit, and when Fall fumbled around with the ball, he kept circling around the bases until he scored the first run. Two more were added in the top of the fifth to give Springfield its three runs.

The Whiz Kids missed an opportunity in the bottom of the fifth, Bennett walked, Wing singled and Bennett went to second. Hog tried to bunt and struckout. Moore was up and when Taylor let a ball go by him, as Moore made a swing, Bennett tried to make it to third and was thrown out. Moore then hit into left field for a hit and Wing scored. Connolly walked and Cleary flied out to end the inning.

In the bottom of the sixth the Whiz Kids missed another chance, but emerged with one run. Springfield was confident of victory when they walked on the field, but found out quickly the Whiz Kids weren't just a bunch of kids, but a hard play ball club.

Svenson was replaced by Kemp after the fifth inning, then Black was called upon to stop any threats in the eighth. Schmidt replaced Taylor in sixth behind the plate. McKelvey went the route for the Kids with Moore on the receiving end. Both teams had six hits. The Whiz Kids had five errors, one of which was very costly.

Any teams to meet the Whiz Kids during the remainder of the tournament will certainly give them plenty of respect after the game with the Generals, one of the favored teams to be battling for the top spot.

The only extra base hit in the game was that of Bill Cleary who had a double.

The box score:

TEAM	AB	R	H	PO	A

## Adcock Beamed By Labine, Near Riot Follows

BROOKLYN (AP)—"It's all part of the game, I guess," Joe Adcock sighed before heading for Ebbets Field and another joust with the Brooklyn Dodgers. "I'm not mad at anybody."

Adcock was talking about his narrow escape yesterday when he was beamed by Clem Labine. The slugging Milwaukee Braves' first baseman, who broke a hatful of records Saturday when he hit four home runs and a double, was carried from the field practically unconscious after being hit.

"When a fellow throws me high and tight, I don't mind," Adcock continued. "I can duck that kind of pitch. But when he throws beamed your head, I think he means business. But what's there to be mad about? I'm just out there to make a living."

The beaming almost precipitated a full-scale riot when charges and countercharges were hurled between the two teams.

Labine, for his part, denied trying to hit Adcock. "That goes without saying, doesn't it? I was only trying to brush him back. Instead of twisting back, he actually ducked into the pitch."

Only the fact that he was wearing a protective plastic helmet, the type pioneered by Branch Rickey, kept Adcock from being injured seriously, according to Dr. Eugene Zorn, the Brooks' team doctor. No X-rays were taken and Adcock had nothing more than a slight headache.

The Braves won the game 14-6.

**ALL-STAR GET TOGETHER**—Melvin Brown (center) Oklahoma tackle, selected for the All-Star team which plays the Detroit Lions professional football team in Chicago, Aug. 13, gets some pointers from Bud Wilkinson (left), Oklahoma football coach, and Forrest Evashevski, coach at Iowa, at the training camp in La-Fayette, Ind. Coaches are wearing shorts due to the sweltering hot weather at the All-Star training site. (AP Wirephoto).

## Sports Roundup---

## Johnson Will Finally Get Shot at Archie Moore's Title

By JACK HAND (For Gayle Talbot)

NEW YORK (AP)—At the risk of disclosing a well-kept secret, it can be safely reported that Harold Johnson finally is going to get a chance at Archie Moore's light heavyweight title Aug. 11 at Madison Square Garden.

In fact, Johnson thinks he's going to lift the crown off Archie's ancient head despite the 21-1 odds against him.

Johnson should be an authority on Moore for they fought four times before Moore won the championship. Although Archie holds a 3-1 edge, the challenger is surprisingly optimistic.

## If Patterson Wins He May Not Find Foes

NEW YORK (AP)—If Floyd Patterson knocks out Tommy Harrison tonight at Brooklyn's Eastern Park way, it is going to be tough to find opponents for the fast-rising former Olympic champion.

Harrison, who has been in with most of the ranking heavyweights, figures to be the roughest foe Patterson has faced—with the lone exception of Joey Maxim. It was Maxim who snapped Patterson's streak of 12 straight June 7 on a disputed decision.

Although Harrison, a Los Angeles Negro, was knocked out by Earl Walls April 12 in his most recent start, he had beaten Walls in a major upset at Toronto Jan. 26.

The eight-round match will be carried on TV (ABC) starting at 10 p.m., EDT.

Frankie Fernandez, a veteran from Honolulu, finally hits New York tonight at St. Nicholas Arena in a 10-round welter bout with Livio Minelli, former Italian champ.

They lured Fernandez away from Hawaii only once before when he defeated Bobby Yaeger at San Francisco in 1948. His record for 35 bouts is 29-1. Minelli, well known to the TV circuit, has appeared in 82 fights for a 58-17-8 record.

The 10 p.m., EDT, match will be televised by Du Mont in some parts of the country.

## Riot In Baseball Game Sends 1 Man To Hospital, Hurts 6

SAN ANTONIO, Tex. (AP)—A riot in the San Antonio-Oklahoma City game in the Texas League last night sent one player to the hospital and left six other players bruised.

About 50 of the 3,487 fans joined in the hubbub in the fourth inning.

San Antonio went on to win 8-7 with Frank Kellert's homer in the 11th inning.

The trouble began when outfielder Jim Neufeldt of Oklahoma City slid back safely to second base on a pickoff play. But San Antonio's shortstop, Witty Quintana, fell on him. They came up slugging.

Peace was restored but Oklahoma City manager Tommy Tatum began exchanging words with the San Antonio bench. Pitcher Rindol Duren, not in the game, tangled with Tatum and both teams and the fans took it up.

Duren suffered a dislocated jaw and an almost-closed eye. He will be out of action about a week.

Umpires banished Tatum, Duren, San Antonio manager Don Heffner, San Antonio catcher Don Masters, and Al Cross of Oklahoma City.

## Yesterday's Games—If Braves Had Antonelli Yet They'd Lead?

Jack Hand AP Sports Writer

Where would the Milwaukee Braves be today if they still had Johnny Antonelli?

Although they traded away the young lefty who has turned out to be the top winner in the majors with a gaudy 16-2 record, the slugging Braves are a positive factor in the National League race.

All that hitting, and Antonelli too, might very well have meant a sure-fire pennant in Milwaukee this season. Of course, they may make it anyhow, the way they've been going on their 10-game winning streak.

The Braves can't be criticized too harshly for they felt they needed long-distance power in the outfield and could afford to sacrifice a front-line pitcher. How did they know that Bobby Thomson would break his ankle in spring training and be lost for most of the season?

Yesterday, Antonelli ran his winning streak to 11, longest of the season in either league. He New York Giants roughed up Cincinnati 9-4 in the first game of a double-header. The Giants also won the second game 5-0 on Jim Hearn's six-hitter to pull 5 1/2 games ahead of Brooklyn.

Milwaukee put the slug on Dodge pitching for their second 19-hit day in succession and a 14-6 romp, winning within four games of Brooklyn.

Joe Adcock, who hit four homers Saturday at Brooklyn, was hit on the head by reliever Clem Labine in the fourth inning after being knocked down by Russ Meyer earlier in the game. He was not seriously injured because he wore a metal protector inside his cap.

The three top teams in the American League Cleveland, New York and Chicago—kept in step by winning double-headers. Consequently, the end of the day found them in the same position, the Indians leading the Yankees by 2 1/2 games and Chicago by seven.

Cleveland knocked over Washington 3-1, for Early Wynn's 15th victory, and 5-4 on Hal Newhouse's decisive single. The Yanks had trouble in Baltimore but won 8-6 and 2-1, using a total of seven pitchers, including Eddie Lopat and Allie Reynolds on relief. Chicago swept a pair from the feeble Philadelphia As 6-5 and 12-1 with Virgil Trucks winning No. 15 in the finale.

Ted Williams hit a single, a 420-foot double and his 18th homer in Boston's 10-8 victory over Detroit.

Curt Simmons boosted the Phillies within half a game of the first division in the National with an 8-3 triumph over St. Louis. Richie Ashburn chipped in with two singles and a double as the Phils chased Ralph Beard and piled up a 7-1 early lead.

Pittsburgh managed its first shutout of the year when Dick Littlefield blanked Chicago on three hits 2-0. The Cubs came back to win the second game 12-2. Dave Cole threw a two-hitter.

## Five Cardinals Bat Over 300; Chill Pitchers

PHILADELPHIA (AP)—The St. Louis Cardinals may be 15 1/2 games out of the National League lead but their starting lineup is enough to make any pitcher take notice.

Five of the starters are batting over the 300 mark and three of them are in the league's top 10 hitters.

Rookie Wally Moon is leading the club and is third in the league with 339. Stan Musial and Red Schoendienst are right on his heels with 338 and 330 respectively.

The other plus 300 hitters include Bill Sarni and Ray Jablonski at 317. Rookie Joe Cunningham is a comfortable 290 average with Rip Repulski standing at 269 and Alex Grammas at 238.

Moore, Musial, Schoendienst and Jabbo have driven in more than half the club's total of 555 runs for the season.

Curt Simmons didn't take much stock in the figures yesterday as he held the Birds down to five hits while his Philadelphia Phils teammates gathered 16 to down the Birds, 8-3.

The victory gave the Phils an even split in the four-game series. It was Simmons ninth win in 18 decisions.

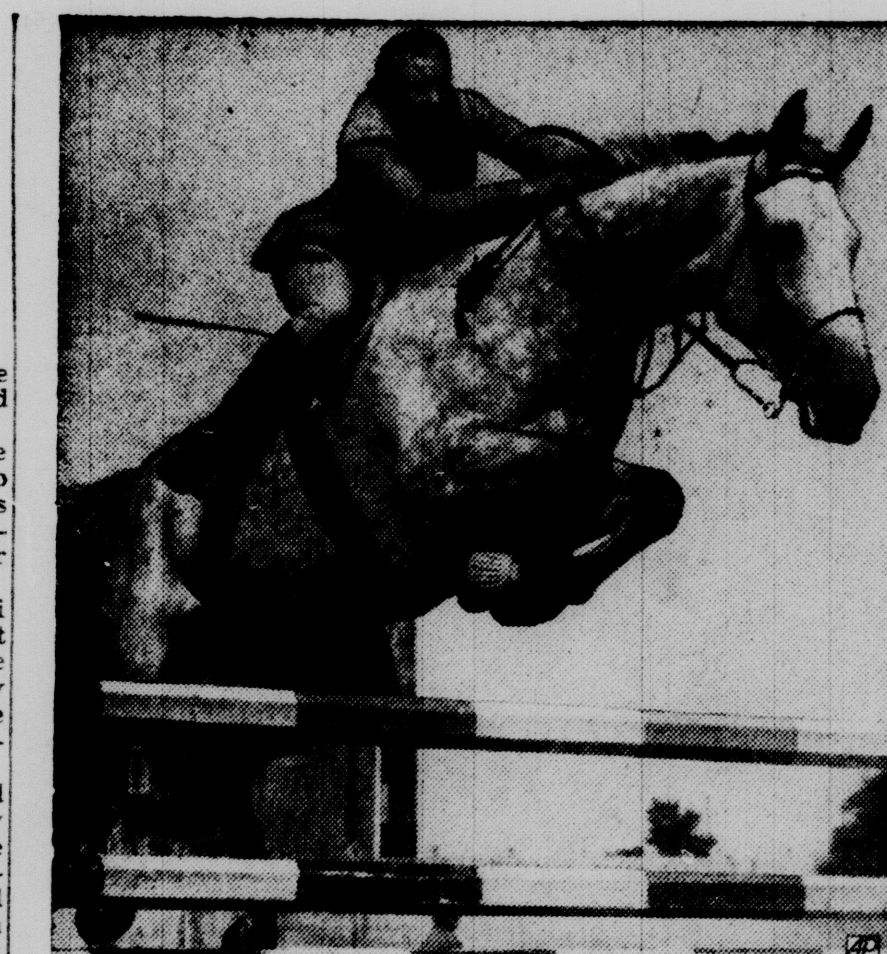

Richie Ashburn paced the Phils' attack on four Cardinal pitchers with two singles and a double. Starter and loser Ralph Beard was behind four runs before he was yanked in the second inning.

St. Louis scored twice in the fifth on a walk and singles by Cunningham, Moon and Schoendienst.

SUNAPEE, N. H. (AP)—A Nashua angler has laid claim to a world's record with an 11-pound, 8-ounce green trout landed in Lake Sunapee.

Ernest Theoharis caught the big fish—32 1/2 inches long and 17 1/4 inches round—yesterday.

The books list as a record for the species an 11-pounder landed by Charles S. Reed from Cook's Lake, Wyo., Aug. 5, 1948.

**YOUNG EQUESTRIENNE**—Shirley Thomas, 18, of Canadian team, guides Revlons White Sable over bars in workout for International Horse Show at White City Stadium, London.

## Wally Ulrich Wins Kansas City's Open

KANSAS CITY (AP)—Smiling Wally Ulrich of Rochester, Minn., had his first major golf tournament prize—\$4,000—today and he knew "just what to do with the money."

Ulrich, former national intercollegiate champion and once second in the Canadian open, won the \$20,000 Kansas City open with a record-breaking 24-under par 268 for 72 holes. He shot a final round 66, seven strokes under par, yesterday.

He edged out the veteran Lloyd Mangrum, of Niles, Ill., and young Gene Littler, each with 270s, on the Blue Hills Country Club course.

"I can spend that money at home," Wally confided. "I have a 5-year-old son, Jimmie, and a 6-month old daughter, Barbara, plus the missus. After all I haven't been picking up the big stuff like Mangrum and some of the boys week after week."

Little, who started the final round in a tie with Ulrich at 202, had a 68, while Mangrum finished with a 67. It was the first PGA-sponsored tournament in which a 67 was eligible to collect cash. He had just completed a six-month probationary period. He and Mangrum each got \$1,950.

Johnny Palmer, of Charlotte, N. C., finished fourth with 274 strokes. He matched Earl Stewart Jr., Dallas; Doug Ford, Klamath Lake, N. Y.; E. J. (Dutch) Harrison, St. Louis; and Bob Toski of Livingston, N. J., with 276s.

Frank Stranahan, of Toledo, who won the tournament in 1946, was low for the amateurs with a last round 70 for 282.

## Horton Smith Wins Michigan Open Crown

DETROIT (AP)—PGA President Horton Smith, who has captured two Masters titles and a host of honors in over 25 years of campaigning, has added to his list one of the few titles to elude him—the Michigan Open championship.

Smith is a former pro at the Sedalia Country Club.

Smith, 46-year-old former Michigan PGA king, had never been able to win the Michigan Open until yesterday.

His 276 total, four under par for the lakefront country club's par 70, 6,355-yard layout, was good enough to beat defending champion Chick Harbert, by a single stroke.

**Field-Narrowing Has Started for the Tam**

CHICAGO, (AP)—Field-narrowing formalities preliminary to this week's "All-American" Golf Tournament at Tam O'Shanter Country Club began today as men and women amateurs seek berths in the tourney proper.

Some 200 men amateurs tee off in search of the 16 places open in the men's division. Forty-two women vie for the eight berths open in the women's division.

## Industrial League Has Games Tonite

Industrial Softball League games tonight pit Meadow Gold and Knights of Columbus at 7 p.m. and Pittsburgh-Corning and East Sedalia Baptists at 9.

## Sets Nov. 3-6 For Hunting Deer In State

JEFFERSON CITY (AP)—The Missouri Conservation Commission today set Nov. 3, 4, 5 and 6 for the state's deer hunting season this year and expanded the hunting area to 54 full counties and the southwestern part of St. Louis County.

Either bucks or does will be legal game in 43 counties south of the Missouri River and in that portion of St. Louis County lying west of State Highway 141 and south of U. S. Highway 61. Newton and Lawrence counties are added to the "any deer" hunting area this year.

The commission set the bow and arrow season on deer for the full month of October in all the "any deer" counties.

Five new counties—Carroll, Linn, Howard, Lincoln and St. Charles—were added to the "bucks only" hunting area north of the Missouri River. The rest of the "bucks only" area includes Boone, Callaway, Chariton, Livingston, Montgomery and Warren counties.

The commission abandoned a rule of last year that hunters must report their kill to a checking station within 12 hours. This year, immediate reports will be necessary only when two or more hunters divide a deer carcass.

The Missouri hunting season still is open only to Missourians and the hunting regulations that were effective last year will continue in effect this year, the commission reported.

Here are the remaining "any deer" counties: Barry, Benton, Bollinger, Butler, Camden, Carter, Christian, Cole, Crawford, Dallas, Dent, Douglas, Franklin, Gasconade, Hickory, Howell, Iron, Jefferson, Johnson, LaCade, Madison, Maries, McDonald, Miller, Morgan, Oregon, Osage, Ozark, Perry, Phelps, Platte, Reynolds, Ripley, Ste. Genevieve, St. Francois, Stone, Shannon, Taney, Texas, Washington and Wayne.

Barry, Benton, Bollinger, Butler, Camden, Carter, Christian, Cole, Crawford, Dallas, Dent, Douglas, Franklin, Gasconade, Hickory, Howell, Iron, Jefferson, Johnson, LaCade, Madison, Maries, McDonald, Miller, Morgan, Oregon, Osage, Ozark, Perry, Phelps, Platte, Reynolds, Ripley, Ste. Genevieve, St. Francois, Stone, Shannon, Taney, Texas, Washington and Wayne.

# Pettis Group At Morgan Co. DHIA Meeting

Ernest Stevens, Robert Brauer and Gene Dowdy, Pettis County Dairyman, attended the annual meeting of the Morgan County Dairy Herd Improvement Association. The meeting was held at Versailles Thursday Night, July 22, with an attendance of 25 dairymen and interested persons.

The members attending the meeting elected the following officers: Ernest Stevens (Pettis County), president; Robert Brauer (Pettis County), vice-president; Bud Gerken (Benton County), secretary; Jerry Rowland (Miller County), treasurer. The other board members are: Lawert Heimsoth (Benton County).

E. T. (Scratch) Itischer, extension dairyman, discussed dairymen's problems with the group. He pointed out that now during the "squeeze" between prices and cost of production, DHIA has become more important. Efficient production through lowering production costs is the key to dairy profits. DHIA testing is one of the tools the dairymen can use to lower costs.

Itischer pointed out that records have shown that the upper one-third of herds in DHIA return 4 to 5 times as much for labor as the lower one-third herds in the Associations. DHIA records on individual cows helps the dairymen to know which cows are paying their feed bill and which ones are boarders.

Members of the DHIA Association are as follows: J. E. Rowland, Miller County; Earl Snyder and H. L. Garnett, Monticou County; McDaniel Farm, Vencil Klein, Leonard Sterling, E. J. Brauer, and Bretall Bros. from Morgan County; Heimsoth Bros. Elmer Heimsoth, Carl Denker, E. C. Burton, E. H. Schlesselman & Son and C. C. Gerken, Jr. from Benton County; E. C. Stevens & Son, J. H. Bagby, Rudie Brauer & Sons from Pettis County; John Kuykendall, A. J. Schoen, and Ralph McDowell from Cooper County.

If you are interested in doing DHIA testing contact your County Extension Office.

## Work Ground Now For Fall Pasture Seeding

Today is the time to work your ground for pasture seeding. Some ground prepared immediately for the seeding of pasture crops will be ready as soon as moisture arrives.

Sudan grass seeding can be made from now until mid-August with prospect of getting sufficient feed to justify the necessary expense. After mid-August, seeding of small grain should be made.

In 1953, Southwest Missouri dairymen seeded a record acreage of small grains. This was possible because many dairymen worked their ground in advance of rain. The rainfall that was received in Southwest Missouri last fall, in many cases, probably would have been inadequate had seed bed preparation been delayed until after moisture was received.

Seed of rye and barley will probably be in short supply. Buy now any seed you will need.

Consider seeding wheat which can be used for spring pasture and silage. Reports of 10 to 15 tons of wheat silage per acre were common this year. John Rust and T. A. Ewing of Greene county filled a 40x12 foot upright silo from 7 acres of Vigo wheat.

Wheat will provide a sure early supply of pasture and silage. Heavy applications of fertilizer including nitrogen will pay dividends.

Present indications are that acreages of wheat seeded for purposes other than grain if removed from the land by early June will not be included in your wheat acreage allotment.

## Grasshoppers Have Hit Throughout 17 States

Missouri hasn't been the only state hit by grasshoppers. The grasshopper is in the news in 17 states. This week's cooperative economic insect report tells of outbreaks from Pennsylvania to Wyoming and New Mexico.

In Texas, the hoppers have moved from drought stricken pastures to cotton. In Oklahoma, they have destroyed as many as 10 rows of cotton in half a mile lengths. In Kansas, they are causing severe damage to alfalfa and corn in certain areas. In Nebraska, many eastern counties report 40 to 50 hoppers per square yard. In Utah, the count reached one hundred in Iron and Cache counties.

Ranchers have joined forces with State and Federal agencies to conduct county-wide spray programs in states where rangeland hoppers are a serious threat. One of the most widespread campaigns is in progress in Colorado where some 250 thousand acres are being sprayed.

## Agents Arrest Woman Canada Deported

BREMERHAVEN, Germany (AP)—Ursula Schmidt, 27-year-old German, deported from Canada, was arrested by U.S. counter intelligence agents upon her arrival here last night aboard a Greek liner.

U.S. authorities said she was charged in an open warrant with giving secret information on U.S. air force bases in Germany to Soviet agents.

She was charged with espionage by U.S. authorities in Germany after she went to Canada in 1953.

Before leaving Canada, she said through an attorney she was implicated by Erwin Felker, whom she described as "a frustrated lover."

Felker and Karl Kubisch were convicted in Germany of espionage after Miss Schmidt emigrated to Canada.

## Balanced Farming Notes

In Pettis County  
By MERLE VAUGHAN  
County Agent

**96 Percent Attendance**  
The response of Pettis County farm leaders to the request of the County Election Board for assistance with township ASC elections was truly heartening. Of 43 appointed and notified one was out of town, one had previous appointment and two were unreported. The other 44 were at the informational meeting held in the Assembly Room Wednesday night, July 28.

## May Consign Feeder Cattle At County Office

By Merle Vaughan

University economists recently stated that they expected feeder cattle prices this fall to be very similar to 1953. Pettis is one of the Missouri counties where a co-operative Feeder Cattle Sale provides a good local market for dehorned steer and heifer calves and yearlings that are of good beef type. The sale is Saturday, Sept. 18, at the E. W. Thompson farm on Highway 50.

The top price paid at Pettis County's third annual sale held last fall was \$18.75 for a pen of Hereford calves. A pen of well-fleshed Hereford yearlings brought \$18.20. The 750 head sold, averaged \$13.75 per hundred weight.

In 1953 I saw medium quality yearling Angus heifers sell for 10 cents per pound in August while cattle that were fed clover and hay and held over to the sale in mid-September averaged nearly 14 cents.

With the recent showers beef cattle men have the opportunity to get small grain seed for fall pasture. In the meantime hay, chopped corn and corn silage can be used to carry calves and yearlings until normal marketing this fall.

Consignment blanks for the sale are available at the County Extension Office in Sedalia as well as in the Extension office at Versailles, California, Booneville and Warrensburg.

## Every Available Stalk and Blade Needed for Feed

Every available stalk and blade will be feed. It will be more nutritious feed if harvested in time for silage. While there is no need to ensile a crop that is still capable of making additional growth should a rain occur in the next few days, harvesting should not be delayed so long as to lose a part of all the present growth. More feed, quantity and quality, is lost by waiting too long than by cutting too early.

Alert attention will be required to ensile some crops that have been burned and severely wilted. Where moisture content is below 65%, some molding, burning and in rare cases, where moisture is considerably lower than 65%, combustion could occur. Low moisture crops will require the addition of water at harvesting time.

Packing is extremely important. With continued hot drying weather, covering silage will probably pay in feed saved.

Crops sprayed with aldrin, chlordane, etc. for grasshoppers should not be ensiled before at least two weeks have passed. These chemicals will not break down or lose their strength in the silo, but will remain indefinitely in solution if the crops sprayed are harvested before two weeks have elapsed after spraying.

If you can buy standing crops for silage, they offer a source of quality feed. Three tons of silage in your silo is worth one ton of good hay in your barn.

## Don't Cut Sweet Potato Vines

Sweet potatoes in the garden often produce a large amount of vine growth. In order to hold the vines in a convenient area, they are sometimes cut off. It would be better to turn the vines back into the row and keep them confined than to cut them. The nitrogen that is available in the soil must be used mainly in vine growth before good production can be obtained. This is the reason for not fertilizing sweet potatoes when they are growing on highly fertile garden soil.

Democrat Class Ads Get Results! Phone 1000.

Each township election board named their slate of 10 nominees for their township ASC Committee that night. They also selected their voting place for the election Monday, August 9. All elections are called for 8 p. m.

These slates will be published five days before the election. Other names will be added to the slate and published if presented to the township election board at least six days prior to the election.

Such presented names must be on a petition signed by at least 10 eligible voters of the township and it must be accompanied by same kind of an indication that the nominees will accept if elected. Additional nominations can be made from the floor at the election.

## Reports on Drought Silage and Fodder

Elsewhere on this page is a report of calves fed during the winter of 1954-55 on corn silage and corn fodder harvested in mid August 1954. Average daily gains varied from 1.18 pounds on silage and alfalfa hay to .95 pounds for barley, cotton seed meal and barley pasture. Almost identical gains of .99 pounds to .73 pounds per day were made on corn silage and cotton seed meal, and corn fodder used either with alfalfa hay, with cotton seed meal or with barley pasture.

## Prepare Pasture Grown Now

Cloyd Meek of Smithton was up the other day asking about plowing small grain pasture this fall. Records at the Experiment Station show little difference in grain yield when extra nitrogen is applied in either fall or spring. However, such extra nitrogen will be produced with the fall application.

E. T. Itischer, Extension Dairyman, in urging folk recently to prepare ground now for fall pasture said that much of the success of fall pastures in Southwest Missouri last year was due to the fact that the ground was prepared when the showers came.

Time is flying and it's only three weeks till fair time when we usually get a good rain. Bud Deamond of Smithton caught an earlier rain last year and had barley about ready to pasture at fair time.

Then army worms came along and they tell us we may have them again this fall. When we get something green lets be on the lookout for them.

## Timothy, Cut Early, Proves Valuable Feed

One ton of early-cut timothy hay is worth two tons of mature timothy hay as a wintering ration for calves. This was the conclusion reached by Dr. A. J. Dyer, professor of animal husbandry at the University of Missouri in a bulletin "Winter Rations for Feeders" being published by the College of Agriculture at the University.

Dyer made this observation after studying the results of tests conducted at the College. He studied the value of early-cut and late-cut timothy hay. Two lots of steers were used in the test—one fed timothy cut in the bloom stage, around June 17, and another fed mature timothy cut around July 17. The

ration was supplemented with 1.5 pounds of soybean oil meal daily.

In the test, calves fed the early-cut timothy made a daily gain of almost twice that of those fed the late-cut timothy—90 pounds compared to 49 pounds, Dyer says. Steers, fed the early-cut hay, needed 593 fewer pounds of hay and, in addition, 144 pounds less soybean oil meal per hundred-pound gain. And, the early-cut hay must have been more palatable because calves ate 21 percent more of it, Dyer points out.

Chemical analysis of early and late-cut timothy showed the early-cut had 54 percent more nitrogen, 75 percent less crude fiber, 7 percent more nitrogen free extract, 23 percent more fat, 73 percent more phosphorus and 34 percent more calcium.

## Drought Feed For Dairy Cows

During the present lactation, your cows will not entirely recover from a slump in milk production. Making adjustments in feeding in time to prevent decline in milk production due to poor pastures is essential. It will be better to feed the quality hay and silage needed now than to save it for winter feeding.

Those who culled their herds closely will be using the feed available to the best advantage.

Green corn can be cut and fed directly to the cows. If chopped as with a field chopper, cows will eat from 60 to 100 pounds per day. If temperatures are so high that appetites are reduced, this material may be made available at night to increase consumption. In very hot weather (over 85 degrees F.) cows will do most of their eating at night when the temperatures are lower. For most situations when chopped green corn is fed, or the cows have access to Sudan or similar pasture, a 14-16% protein grain ration fed at normal rates (1 pound to 4 to 5 pounds milk) will complete a balanced ration. Such a concentration can be made up as follows:

300 lb. corn, 200 lb. barley, 200 lb. oats, 200 lb. bran, 100 lb. oil meal, 10 lb. steamed bone meal, 10 lb. salt, (or other mixtures of corn, oats or barley which may be cheaper. Wheat may be used up to 20% of the mixture.)

This ration figures approximately 15% total protein. An addition of 600 pounds of oil meal will increase the total protein content about 2 1/2%.

Where hay or silage is being fed the above grain ration will be satisfactory. Total protein content needed will vary from about 12% where the roughage is a legume up to 18-20% where the roughage is all corn or sorgo silage. Normally the 14-16% grain ration will suffice for mixed roughage.

Shade is of extreme importance. A well shaded area where water is available is important. Natural shade of trees along a stream or where water piped from a pond is available is first choice; if little natural shade is available, the milking herd should have access to the loafing barn. Watering the herd in the barn is important and a fan to increase air circulation will help.

Experiments in the climatology laboratory at the University have shown that cows decline in feed consumption and milk production after the temperature reaches a continuous 80 degree F. At the present time daylight temperatures are often above 100 degrees F. and night temperatures in the 80s.

ration was supplemented with 1.5 pounds of soybean oil meal daily. In the test, calves fed the early-cut timothy made a daily gain of almost twice that of those fed the late-cut timothy—90 pounds compared to 49 pounds, Dyer says. Steers, fed the early-cut hay, needed 593 fewer pounds of hay and, in addition, 144 pounds less soybean oil meal per hundred-pound gain. And, the early-cut hay must have been more palatable because calves ate 21 percent more of it, Dyer points out.

Chemical analysis of early and late-cut timothy showed the early-cut had 54 percent more nitrogen, 75 percent less crude fiber, 7 percent more nitrogen free extract, 23 percent more fat, 73 percent more phosphorus and 34 percent more calcium.

**KING EDWARD TAKES TRIP**—This Yorkshire boar is on his way to Moreauville, La., after having been purchased by John M. Borden who owns a breeding farm there. The boar, King Edward 5A, is one of eight pigs raised by the three children of H. W. Tegtmeyer, LaMonte, as a 4-H project. They are members of the Oak Point 4-H Club. They are, left to right: Gertrude, 13, Martin, 9, and August 11. The boar was shipped by Missouri Pacific train Monday afternoon, the third of the eight pigs to be sold. He was farrowed April 22. (Staff Photo)

## Egg and Poultry Prices Decline

Egg and poultry prices have dipped well below expected levels and poultrymen are pondering their next step.

Walter Russell, extension poultryman at the University of Missouri, says an answer to the problem is difficult. But one thing is certain — a poultryman selling market eggs should be selling on a graded market.

While the unclassified price of eggs has been going down, the graded egg price is moving upward at a rapid rate. The present spread of 15 cents or more per dozen represents a difference between a loss and a small profit, Russell points out.

At least two such markets are available in Sedalia. The Bagby Hatchery and Square Deal Produce.

According to Russell, it is questionable whether poultrymen should continue to produce for the unclassified market now or in the future. In spite of the extremely low prices at the present time, it would be better to dispose of the flock if better egg markets are not available.

Instead of selling hens on the regular market, Russell suggests the possibility of dressing the birds and marketing locally. The present differential between live hen market and retail selling price would

## Taking Fewer Farm Workers To Do Job

The farm labor picture in mid-summer shows that once again it is taking fewer farm workers than a year before to care for and harvest this nation's crops. It shows so that the proportion of hired labor to farm family workers continues to grow.

The most recent survey shows a little more than 9 1/2 million people at work on farms. That's 142 thousand fewer than the number employed at the same time in 1953.

## Reports 186 Bodies Recovered In Flood

TEHRAN, Iran (AP)—The news paper, Etealat, reports 186 bodies have been recovered so far in the flood-stricken Kazvin area 100 miles northwest of here. Fifteen villages were in the path of the raging floods last Thursday and Friday.

offer the producer a good return. Producers with economical size flocks who are selling eggs at premium prices will want to continue in business. They should be more interested in the long-time outlook and be prepared to take advantage of more favorable markets when they appear. Low prices now tend to bring about these changes more rapidly, Russell believes.

## WINTERING STOCK CALVES ON FEEDS GROWN DURING THE DROUGHT

December 18, 1934, April 9, 1935  
FEED — The corn and silage used was made from corn that was badly burned and practically killed at tasseling time. There was practically no grain on the stalk. The alfalfa hay was good quality. All lots were fed what corn silage and fodder they would clean up well. Alfalfa hay was fed at the rate of 4 lbs. per head per day and cotton seed meal at 1 pound per head daily. Lots V & VI were graded continuously on barley pasture except during very wet weather when the ground was too soft to pasture.

RESULTS						
Lot	I	II	III	IV	V	VI
Ration	Corn Silage Alfalfa Hay	Corn Silage C. S. M.	Corn Fodder Alfalfa Hay	Corn Fodder C. S. M.	Corn Fodder Barley Past	Corn Fodder C. S. M.
Average Daily Gain	1.18	.72	.73	.67	.69	.95
Average Daily Ration Silage	25.71	29.18				
Corn Fodder			14.39	16.46	20.22	20.22
Alfalfa Hay	4.10		4.04			
C. S. M.		.96		.95		.92

**OBSERVATION** — The silage was made during the second week in August. It was well preserved and in excellent condition to feed. The fodder was cut and left in the field until December & January when it was hauled into shelter. Warm & wet weather made storing difficult, and some spoiled from heating.

**DRY BEEF COWS** — That received 26.5 pounds of upland drought stricken corn fodder and 1 pound of cotton seed cake per head daily gained 67 pounds per head over the 112 day feeding period. No doubt the drought silage properly supplemented would have done a good job on the cows as well as on the calves.

## Record Egg Output

It now looks like record output of eggs for this year, another large key crop and also record broiler output at least through the summer. This spring farmers had percent more young chickens than the year before. So, market service specialists of the U. S. Department of Agriculture expect an egg production this fall. True, but of replacement chicks was down in May compared with last year—but the specialists point out that will not affect egg production until late winter and early next spring.

## Instruction Needed

**STOCKHOLM** — Some recruits for the city police force cannot even spell "Stockholm" correctly, complained police instructor Simon Bartilsson after a recent examination of 72 candidates. Twenty-eight were rejected and about 20 got second-class ratings. "If their papers had been corrected by a high school teacher hardly 10 would have got thru," said Bartilsson. "They would have looked fine if they had to write a report one day."

Stockholm needs another 539

men to bring the police force up to strength. The low standard of candidates is blamed on unsatisfactory wage scales. Better educated men can earn more elsewhere.

## Dior Fashions Get Applause From French

PARIS — Christian Dior, with his conservative double-breasted suits, sober ties and impassive face, looks just like the man behind the mahogany desk in the loan department of a big bank.

Yet this quiet, balding, slightly paunchy onetime farmer is "fashion's creative genius," the man who's tossed another bomb into Paris fashions an H-line bomb.

It's called H-line because that's what the new form is supposed to resemble: narrow shoulders, flattened busts, waistlines at the hip. Skirts are full, pleated or tight.

There was no cheering for his idea in the United States, where women seven years earlier had enthusiastically adopted his "New Look." But curves are more important in America than in France, and there was loud applause at his showings here. If that's an indication, the ideas might win acceptance and start another fashion era.

It wouldn't be the first time for the 49-year-old Dior, the unchallenged leader of the French fashion world.

He burst into this bitterly competitive trade in 1947, immediately setting it on its ear with the revolutionary "New Look."

In one season he became dictator of high style and never since has anyone come near toppling him from that profitable pinnacle.

Dior denies any intention of making fashion sensations.

In a book he wrote about three years ago he said styles go in cycles with a complete revolution about every seven years.

The "New Look" now is seven years old. So we come to the current question: Is he trying to effect a change singlehandedly or just get out in front of an inevitability?

"Changes just come about and many things contribute when everybody is ready for them," he has said. "They are not forced by any one designer. They can't be."

This year Dior left skirt lengths alone. He already had his fling at hemlines: lengthening them in the "New Look" and shortening them last year to 16 inches from the floor.

He has little patience, however, with the people who keep measuring the distance between skirts and floor.

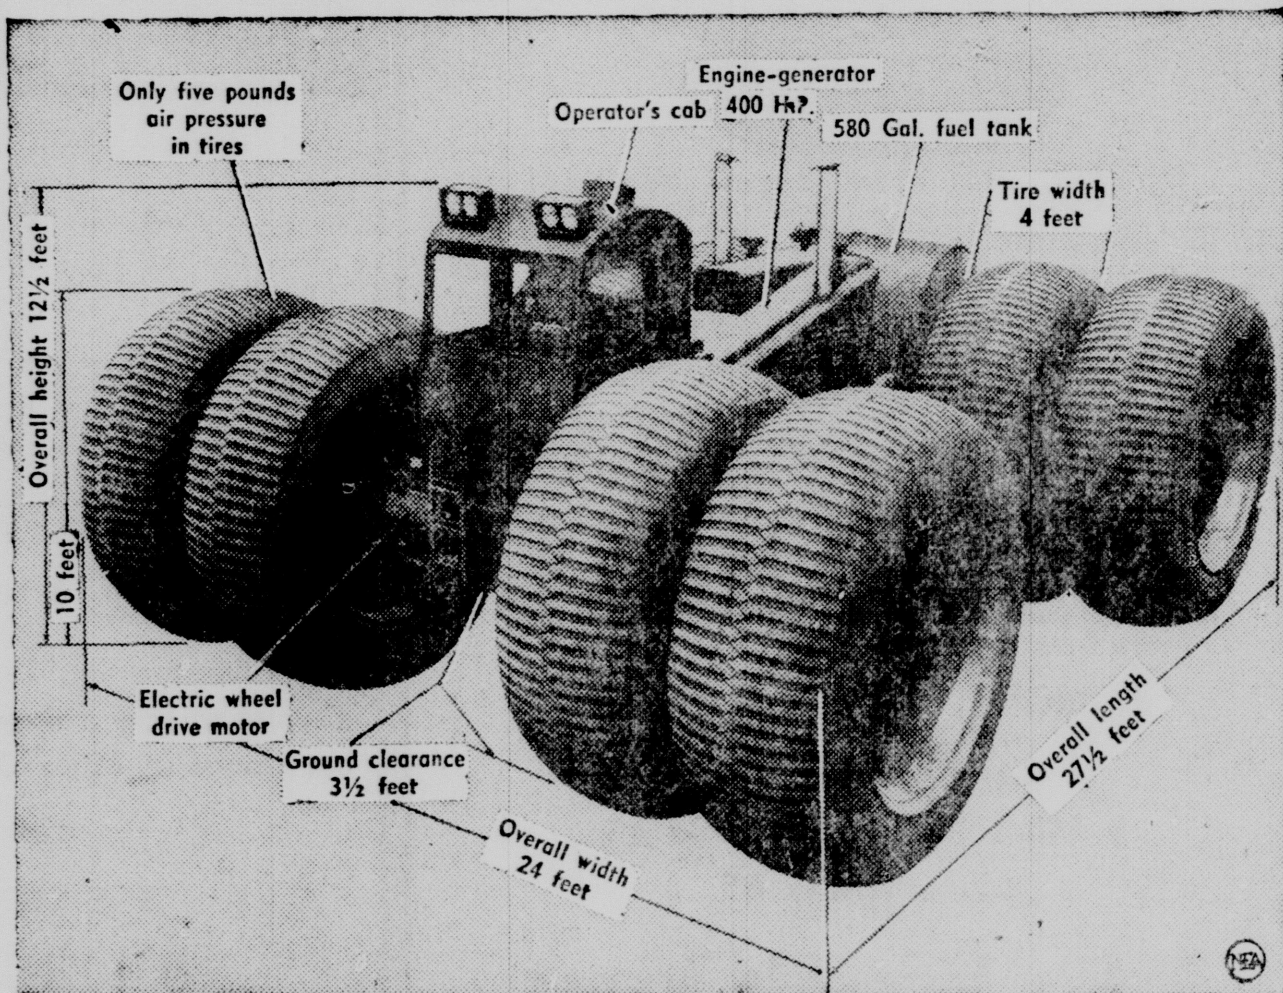

"Too many fashion writers seem to think there is a fixed standard for skirt length — so many inches this way or that. We designers are not scientists working with statistics. We work with the eye and by feeling."

Christian Dior's father, a wealthy chemicals manufacturer, planned a career in diplomacy for him, but the family fortune was wiped out in the depression and Christian had to leave the school of political science. He opened an art gallery in Paris, but a serious illness forced him to give it up and retire to the country.

At 30, he returned to Paris without work or money, but one of the paintings from the gallery saved him. He sold a picture by Raoul Dufy and lived on the proceeds.

He stayed with a friend who was sketching designs for hats and dresses. He persuaded Dior to do some. They sold, and "with the presumption of ignorance," Dior settled on designing as his livelihood.

He connected with a smart fashion magazine as an artist, then went to work for the House of Piguet as a "modelist." When the

## Sno-Buggy Is a 'Big Wheel' Of World's Weird Vehicles

"Floating" on a battery of the world's largest tires, the "Sno-Buggy" shown in photo-diagram above is on its way to the Arctic for testing as a trail blazer thru deep, soft, powdery snow. The 23-ton vehicle is one of the latest products of R. G. Le-Tourneau of Longview, Tex., noted for the invention and development of gigantic special-purpose machines.

### Will Start Sanity Hearing on Dr. Small

ALLEGAN, Mich. — The first in a series of hearings to determine the sanity status of Detroit dentist Kenneth B. Small was scheduled to start in Allegan County Circuit Court today.

The hearing is the first round of an anticipated legal battle to determine whether Dr. Small shall be committed to a state mental institution or go free.

The handsome dentist was found innocent by reason of temporary insanity after a five-day trial last month in the slaying of Jules Lack, 45-year-old New York businessman. Small had accused Lack of stealing the affections of his wife Edith.

war came, he was mobilized as a private. After it ended he worked as a farmer until he could get back to Paris and a job with Lelong.

In 1947, Marcie Boussac, a plutocratic cotton manufacturer and racehorse owner, put up the money for Dior to open his own establishment. Success came overnight.

## Congress Highlights...

WASHINGTON — Sen. McCarthy and some key Senate Republicans press for an early showdown on a motion by Sen. Flanders (R-Vt) to censure the Wisconsin Republican.

McCarthy supporters indicate confidence they can win a vote on the Flanders move.

Critics of McCarthy, meanwhile, marshal their forces in the hope of heading off a defeat. Several alternate proposals and amendments have been offered and GOP Leader Knowland of California says he expects the whole issue will be turned over to some committee for study.

ATOMIC — President Eisenhower's atomic energy program — center of a two-week Senate debate that ended last Tuesday — moves back into the spotlight. Senate-House conferees meet in closed session and begin settling differences between atomic bills passed by both houses. Some Senate Democrats promise more lengthy debate if their amendments are discarded.

The measure would allow limited sharing of atomic information with allies and industry participation in atomic development.

### Gypsy Moth Moves West

LANSING, Mich. — The gypsy moth, a damaging pest heretofore found no further west than Pennsylvania, has been found in Michigan. Three infestations were discovered in the Lansing area. Federal and state agencies quickly combined efforts to wipe them out, saying the pests could cause millions of dollars damage to trees, shrubs and other vegetation in a single year if allowed to spread.

### Ingrid Doesn't Think She'll Ever Return For Hollywood Picture

MUNICH, Germany — Ingrid Bergman, in Germany to make a film, says she doesn't think she will ever return to Hollywood.

"Nobody knows, of course," she said at a reception she and her husband, Italian director Roberto Rossellini, gave for the press last night. "But I don't think so now."

"I am in Europe and Europe is my home. So it is more natural for me to make European pictures," she said.

## Poland Charges US Fighters Strafed Two Merchant Ships

LONDON — Poland has charged U.S. fighters with strafing two Polish merchant ships off Hainan Island on July 26.

That was the day after two U.S. Navy pilots shot down two Chinese Communist planes which attacked them south of Red-held Hainan, off the Indochina coast, as the Americans searched for survivors from a downed British airliner.

A Warsaw radio broadcast.
